FIRST AID

If swallowed
• Call a poison control center or doctor for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by an unconscious person.

If in eyes
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after first 5 minutes, then continue rinsing.
• Call a poison control center or doctor for immediate treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PRECAUTIOUS STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Personal Protective Equipment (PPE)
Mixers, loaders, applicators and other handlers must wear:
• Long-sleeved shirt and long pants
• Shoes plus socks

User Safety Requirements
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water.

Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

ENVIRONMENTAL HAZARDS
This product is extremely toxic to fresh water and estuarine fish and invertebrates. Runoff from treated areas into a body of water may be hazardous to fish and aquatic invertebrates. Do not apply over bodies of water (lakes, rivers, permanent streams, natural ponds, commercial fish ponds, swamps, marshes, or estuaries), except when necessary to target areas where adult mosquitoes are present, and weather conditions will facilitate movement of applied material away from the water in order to minimize incidental deposition into the water body. Do not contaminate water when disposing of equipment residue or wash waters.

When used for mosquito adulticiding:
This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow drift when bees are foraging the treatment area, except when applications are made to prevent or control a threat to public and/or animal health determined by a state, tribal, or local health or vector control agency on the basis of documented evidence of disease causing agents in vector mosquitoes, or the occurrence of mosquito-borne disease in animal or human populations, or if specifically approved by the state or tribe during a natural disaster recovery effort.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Before making the first application in a season, it is advisable to consult with the state or tribal agency with primary responsibility for pesticide regulation to determine if other regulatory requirements exist.

SHAKE OR AGITATE THOROUGHLY BEFORE USE: Product (either diluted or undiluted) must be thoroughly agitated before use. Avoid prolonged storage of excess formulation in application equipment.

NOTICE: This concentrate is for dilution with water only. It cannot be diluted in oil.

(continued on back label)
Imperium™ Insecticide is approved for application as an Ultra-Low Volume (ULV) aerosol to control
borne disease in animal or human populations, or if specifically approved by the state or tribe during
a natural disaster recovery effort.

For best results, apply when insects are most active and meteorological conditions are conducive
to keeping the spray cloud in the air column close to the ground. In order to compensate
for windy conditions and ensure drift onto the target area, aerial application with aircraft equipped
with Global Positioning Systems (GPS) and/or onboard navigation/flap monitoring is recom-
mended.

**APPLICATION INSTRUCTIONS**

Apply this product with aircraft mounted Ultra-Low Volume (ULV) gasgrapp for wide area applica-
tions, to control adult mosquitoes. Do not exceed 0.0134 pounds of AI per acre for any site. 

**PESTICIDE STORAGE:** Store upright at room temperature. Avoid exposure to extreme tempera-
tures, in case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, or
other suitable absorbent suitable for the material. Disposal of chemical waste.

**PESTICIDE DISPOSAL:** Stabilization resulting from the use of this product may be disposed of on site
or at an approved waste disposal facility.

**CONTAINER HANDLING:**

Sold in non-refillable containers small enough to shake if, with capacities equal to or less than
5 gallons.

**Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available.**
Triple rinse or pressure rinse container (or equivalent) prior to refilling. Triple rinse as follows:

1. Empty the remaining contents into application equipment or a mix tank and drain 10 to 15
   seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10
   seconds.
2. Four rinsates into application equipment or a mix tank or store rinsate for later use or dis-
   posal. Drain 10 seconds after the flow begins to drip. Repeat this procedure two more times.
3. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or
   by incineration, if allowed by State and Local authorities, by burning, if burned, stay out of smoke.

**Non-refillable container. Do not reuse this container. Offer for recycling, if available.**
Triple rinse or pressure rinse container (or equivalent) prior to refilling. Triple rinse as follows:

1. Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full
   with water. Raise and tighten closures. Tip container on its side and roll it back and forth, ensuring
   at least one complete revolution, for 30 seconds. Stand the container on end and tip it
   back and forth several times. Empty the rinseate into application equipment or a mix tank or
   store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycl-
   ing or reconditioning or puncture and dispose of in a sanitary landfill or by incineration, if
   allowed by State and Local authorities, by burning, if burned, stay out of smoke.

**Non-refillable container. Refill this container with pesticide only. Do not reuse this container for any
other purposes. Obtain the container before final disposal is the responsibility of the person dis-
posing of the container. Cleaning before refilling is the responsibility of the refiller.** To close the
container before final disposal, empty the remaining contents from this container into application
equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously or
incinerate with the pump for 2 minutes. Pour or drain rinsate into application equipment or
incense collection system. Repeat this rinsing procedure five more times. Then offer for recycl-
aging or reconditioning or puncture and dispose of in a sanitary landfill or by incineration, if
allowed by State and Local authorities, by burning, if burned, stay out of smoke.

**Bottom Discharge ICs (i.e., 'Squirt Cap' IC or 'Squirt' Sprayer) Specification**

Pressure choisir the container before final disposal is the responsibility of the person disposing
of the container. To pressurize the container before final disposal, empty the remaining con-
ents from the IC into application equipment or mix tank. Raise the bottom of the RFC by 1.5
inches on the side which is opposite of the bottom discharge valve to promote more complete
product removal. Completely remove the top of the RFC. Submerge it to a depth of at least 40
PSI to rinse all interior portions. Continuously pump or drain rinsate into application equipment
or incense collection system while pressure rinsing. Continue pressure rinsing for 2 minutes or until
insolubles becomes clear. Replace the lid and close bottom valve.

Once container is rinsed, offer for recycling if available or puncture and dispose of in a sanitary
landfill or by incineration.

**STORAGE AND DISPOSAL**

Do not contain or store as food, or by storage or disposal.

**IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unused product container at once.

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability:

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be fol-
lowed. However, it is impossible to eliminate all risks associated with the use of this prod-
ct. Improper use, unforeseen inaccuracy of other unintended consequences may result because of such factors
as, weather conditions, presence of other materials, or the manner of use or application, all of
which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user
or buyer.

**DISCLAIMER OF WARRANTIES:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER
CROPSCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY
OR FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATE-
MENTS MADE ON THIS LABEL. No agent of Bayer CropScience LP is authorized to make any war-
ranties beyond those contained herein or to modify the warranties contained herein.

**LIMITATIONS OF LIABILITY:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLU-
SIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES
RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARR-
ANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE
PRICE PAID, OR AT BAYER CROPSCIENCE LP'S ELECTION, THE REPLACEMENT OF PRODUCT.
