THYMOX CONTROL US/rev5-1910

WA Reg. Number 996640-19001

Directions for use:
Read the entire label before using THYMOX CONTROL. Use only according to label instructions. If you do not understand this label, find someone who can help you understand it in detail. Test with a small volume before making large-scale applications.

Target pests:
THYMOX CONTROL helps control fungal diseases such as Powdery mildew and Grey mold (Botrytis cinerea), and bacterial diseases such as fireblight (Erwinia amylovora).

Sites:
THYMOX CONTROL can be used on fruits and vegetables crops, ornamentals and any other garden plants for both indoor and outdoor applications, including greenhouses.

Dilution and mixing:
Wear impervious gloves, safety glasses with side shields, and appropriate protective clothing when handling the concentrate. Dilute 1 part of THYMOX CONTROL concentrate in 200 parts of water (0.5%). Do not apply this product undiluted. Use immediately after dilution, do not store diluted product.

Application:
Apply as a foliar treatment for crops. For an accurate control, ensure a uniform, complete coverage of the plant surfaces (stem, both sides of leaves), until runoff. Application can be made at any time during growing season, when conditions (humidity, temperature etc.) promote microbial growth or when fungal diseases symptoms first begin to appear. Repeat applications at every 5-7 days, or as necessary to maintain desired level of control.

Storage and disposal:
Store only in original container in a cool (59°F to 86°F), dry place inaccessible to children and pets. Store in a well-ventilated place. Keep container tightly closed. Do not reuse empty containers. Please comply with applicable state and local guidelines for recycling or trash. Do not freeze.

THIS PRODUCT IS EXEMPT FROM REGISTRATION WITH THE U.S. ENVIRONMENTAL PROTECTION AGENCY UNDER FIFRA SECTION 25(B) REGULATIONS.

DANGER
KEEP OUT OF REACH OF CHILDREN

Active ingredient:
