DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact adults, children, or pets, either directly or through spray drift. Do not use indoors. All outdoor applications must be limited to spot or crack-and-crevice treatments only. Application is prohibited directly into sewers or drains, or to any areas like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow product to enter any drain during or after application. Do not water treated area to the point of run-off. Do not make applications during rain.

This product is non-staining to most home siding and asphalt shingles depending on the condition and cleanliness. However, you should test it in an inconspicuous area for compatibility before using on these surfaces.

SHAKE WELL BEFORE USING:
For Outdoor Residential Use

FOR CARPENTER BEES: Insert extension tube into spray button. Point nozzle at nest entrance and spray from a safe distance with the wind at your back to avoid spray drift. Apply early morning or late evening when the insects are least active. Do not stand directly under the nest entrance. Spray holes and other openings until surfaces are thoroughly wet, contacting as many carpenter bees as possible. Wait 24 hours so returning insects will be killed, then repair damaged wood surfaces as necessary.

KILLS: Ants (foraging Carpenter, Fire and Harvester ants; excluding Pharaoh ants), and Ground Nesting Yellowjackets. Aim spray at nest openings in ground, bushes, and in cracks and crevices of wood structures which may harbor nests, saturating nest openings and contacting as many insects as possible.

PRECAUTIONARY STATEMENTS
Hazard To Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Never leave container in parked or unattended vehicles.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment washer or rinseate. See Directions for Use for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

FIRST AID

If On Skin • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a physician or poison control center immediately for treatment advice.

If In Eyes • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a physician or poison control center immediately for treatment advice.

If Swallowed • Immediately call a poison control center or a doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or a doctor, or going for treatment. Note to Physician: Contains Petroleum Distillate. Vomiting may cause aspiration pneumonia. For information regarding medical emergencies or pesticide incidents, call 1-800-222-1222

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If Empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
