**MONTHLY TOPICAL FLEA PREVENTION AND TREATMENT FOR CATS**

**FOR USE ONLY ON CATS 8 WEEKS AND OLDER AND WEIGHING 5 TO 9 LBS**

**HAZARDS TO DOMESTIC ANIMALS**

For external use only. Do not apply to cats under 8 weeks of age or weighing less than 5 lbs. Do not get this product in cats' eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing cats. Individual sensitivities may occur after using ANY pesticide product for cats. If signs persist, or become more severe, consult a veterinarian immediately. If your cat is on medication, consult your veterinarian before using this or any other product.

**SIDE EFFECTS:**
Monitor your cat after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as hyper salivation, vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-855-844-4375.

For consumers questions call 1-888-261-4657. For medical emergencies call 1-855-844-4375.

FOR CATS
™

Assumes Full Coverage at the center of the tube
May overlap at the open end.
Remove inner tray from carton. Firmly grasp one tube and pull away from tray. Hold tube firmly in one hand. With the other hand, push down firmly on the cap and remove counter clockwise (to the left). Continue twisting cap until it comes off the tube. Turn the cap around and place opposite end of cap back on tube. Twist cap to break seal. Remove cap from tube.

HOW TO APPLY
1. Prepare tube as shown in “How to Open”.
2. Position the tip of the tube on the cat’s back between the shoulder blades. Use the tip of the tube to part the cat’s hair so that the product will be applied at skin level. Squeeze tube, applying entire contents in a single spot on the cat’s skin. Separate treated cat from other pets for 24 hours after application has been applied. Do not allow your cat to ingest this product or get the product into their eyes. Proper placement of the product on your cat will minimize the opportunity for the cat to lick and ingest the product. Carefully avoid allowing the product to run off the side of the cat.

3. Discard empty tube and packaging as described in the Storage and Disposal section.
4. Under normal conditions the product remains effective for a month. In cases of severe flea infestation, retreatment may be necessary earlier than one month. Do not retreat more often than once every seven (7) days, not to exceed 4 weekly treatments. Once flea control is attained, return to a monthly application schedule.

PRODUCT INFORMATION
The successive feeding activity of fleas on cats frequently elicits a hypersensitivity skin disorder known as flea-allergy dermatitis (FAD) or flea bite hypersensitivity. Treatment of cats with ParaDefense™ for Cats kills fleas and may reduce the incidence of this condition.

ParaDefense™ II for Cats kills fleas on cats within 12 hours. Reinfestation fleas are killed within 24 hours with protection against further flea infestation lasting up to four (4) weeks. Pre-existing eggs in the environment may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.

ParaDefense™ II for Cats kills adult fleas quickly, within 12 hours, and inhibits the development of immature flea life stages and prevents them from reaching the biting adult stage.

ParaDefense™ II for Cats is waterproof after 24 hours and remains effective following a shampoo treatment, or after exposure to rain or sunlight.

Apply monthly treatments for optimal control and prevention of fleas.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Store in a cool, dry place inaccessible to children and pets.
Pesticide Disposal and Container Handling: Nonrefillable container. If empty: Do not use or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES
IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unused product container or can. By using this product, user or buyer accepts the following Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness, injury, and other unintended consequences may result because of such factors as manner of use or application (including misuse), the presence of other materials, weather conditions, and other unknown factors, all of which are beyond the control of CAP IM Supply, Inc. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, CAP IM Supply, Inc. makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond the statements on this label.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, neither CAP IM Supply, Inc., the manufacturer, nor the Seller shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid.
