HAZARDS TO DOMESTIC ANIMALS
For external use only. Do not apply to cats under 8 weeks of age or weighing less than 9 lbs. Do not apply the product on or near eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing cats. Individual sensitivities may occur after using ANY pesticide product for cats. If signs persist, or become more severe, consult a veterinarian immediately. If your cat is on medication, consult your veterinarian before using this or any other product.

SIDE EFFECTS:
Monitor your cat after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Discontinue use if skin irritation persists or if signs of discomfort occur. If your cat is on medication, consult your veterinarian before using this or any other product.

FIRST AID
If In Eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

If Swallowed:
• Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call 1-855-844-4375.

For medical emergencies call 1-855-844-4375

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
WARNING:
Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes or on clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, changing gear, using tobacco or using the toilet.

HISTORY OF USE
While there have been no reports of problems with sensitive individuals using this product, if an adverse reaction occurs, please contact the manufacturer immediately. Do not apply to cats under 8 weeks of age or weighing less than 9 lbs.

MONTHLY TOPICAL FLEA PREVENTION AND TREATMENT FOR CATS
For use ONLY on Cats 8 Weeks and Older and Weighing Over 9 lbs.

KEEPS WORKING THROUGH CONTACT
Treatment of cats with Provecta II for Cats kills fleas that may cause flea allergic dermatitis (FAD) or flea bite hypersensitivity (FBH). Effectively breaks the flea life cycle. Stops existing flea infestations by killing adult fleas. And, prevents re-infestations on treated cats.

DO NOT SUBSTITUTE.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS
WARNING: Causes substantal but temporary eye injury. Harmful if swallowed. Do not get in eyes or on clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS
For external use only. Do not apply to cats under 8 weeks of age or weighing less than 9 lbs. Do not get this product in cats’ eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing cats. Individual sensitivities may occur after using any pesticide product for cats. If signs persist, or become more severe, consult a veterinarian immediately. If your cat is on medication, consult your veterinarian before using this or any other product.

SIDE EFFECTS: Monitor your cat after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrintestinal signs such as hypersalivation, vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-855-844-4373.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. To prevent harm to you and your cat, read the entire label and package insert before each use. Follow all directions and precautionary statements carefully.

USE RESTRICTIONS:
• Use only on cats 8 weeks and older and weighing over 9 lbs.
• Do not use on other animals.
• Do not allow your cat to ingest this product.
• Do not exceed labeled dosage amount for cats.
• Do not apply more than one (1) tube per treatment, even for larger cats.
• Dry your cat prior to application and keep dry for 24 hours after the application.
• Do not allow cats to gain weight until product has dried.

HOW TO OPEN
Remove inner tray from carton. Firmly grasp one tube and pull away from tray. Hold tube firmly in one hand. With the other hand, push down firmly on the cap and turn counter clockwise (to the left). Continue twisting cap until it comes off the tube. Turn the cap around and place opposite end of cap back on tube. Twist cap to break seal. Remove cap from tube.

PROTECTIVE CHEST STRAP: Use only on cats 8 weeks and older and weighing over 9 lbs.

HOW TO APPLY
1. Prepare tube as shown in “How to Open”.
2. Position the tip of the tube on the cat’s back between the shoulder blades. Use the tip of the tube to part the cat’s hair so that the product will be applied at skin level. Squeeze tube, applying entire contents in a single spot on the cat’s skin. Separate treated cat from other pets for 24 hours after treatment has been applied. Do not allow your cat to ingest this product or get the product into their eyes. Proper placement of the tube on your cat will minimize the opportunity for the cat to lick and ingest the product. Carefully avoid applying the product to off the side of the cat.

3. Discard empty tube and packaging as described in the Storage and Disposal section.
4. Under normal conditions the product remains effective for a month. In cases of severe flea infestation, retreatment may be necessary earlier than one month. Do not retreat more often than once every seven (7) days, not to exceed 4 weekly treatments. Once flea control is attained, return to a monthly application schedule.

PRODUCT INFORMATION
The successive feeding activity of fleas on cats frequentlyresults in a hypersensitivity skin disorder known as flea allergy dermatitis (FAD) or flea bite hypersensitivity. Treatment of cats with Provecta® II for Cats kills flea eggs and may reduce the incidence of this condition.

Provecta® II for Cats kills existing fleas on cats within 12 hours. Reinfesting fleas are killed within 2 hours with protection against further flea infestation lasting for up to four (4) weeks. Pre-existing pustules in the environment may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.

Provecta® II for Cats kills adult fleas quickly, within 12 hours, and inhibits the development of immature flea life stages and prevents them from reaching the biting adult stage.

Provecta® II for Cats is waterproof after 24 hours and remains effective following a shampoo treatment, or after exposure to rain or sunlight.

Apply monthly treatments for optimal control and prevention of fleas.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place inaccessible to children and pets.

Prohibit disposal in or near ponds, lakes, rivers, streams, ditches, surface waters or septic systems.

Pesticide Disposal and Container Handling: Nonrefillable container. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES
IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container or box. By using this product, you or your buyer accepts the following Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Unintentional, injury, and other unintended consequences may result because of such factors as manner of use or application, including misuse, the presence of other materials, weather conditions, and other unknown factors, all of which are beyond the control of CAP WM Supply, Inc. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, CAP WM Supply, Inc. makes no other warranties, express or implied, of merchantability or fitness for a particular purpose or otherwise, that extends beyond this label.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, neither CAP WM Supply, Inc., the manufacturer, nor the Seller shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall be limited to the cost of purchase paid.
