READY TO USE Shake before use. Connect to hose and spray, with no need to mix or measure.

HOW TO USE SPRAY & PLAY™

Read full label prior to use; use as directed. For active pest problems, apply twice in 7-10 days to establish control. For ongoing protection, apply every 4-6 weeks, or as needed. Year-round use enhances results. Reapply after heavy rain.

HOW TO ATTACH & SPRAY:
1. Make sure control knob is in OFF position, then connect to garden hose.
2. Turn water on at faucet. When you are ready to spray, turn the control knob to the ON position. Follow the HOW TO APPLY instructions below.
3. To stop spraying, turn control knob to OFF position. Turn off water at the faucet. To relieve water pressure, turn the control knob on the sprayer to WATER until water slows to a drip. Disconnect hose.
4. Store unused product for next use, or save empty bottle and REFILL.

HOW TO APPLY

With your sprayer attached to your hose and water faucet on, begin applying by facing your home and spray the bottom 2 feet or higher. Continue into the yard, spraying any trees as high as possible, and work your way backwards to the property line. Walk at a steady pace and use a sweeping motion, slightly overlapping treated areas. Complete coverage is important, especially in shaded areas. For ants, soak mounds and repeat as needed to establish control below ground.

PRECAUTIONARY STATEMENTS  In case of eye contact, flush with water. May cause phytotoxic burn to plant life if applied in temperatures over 90°F / 32°C or in full sun with high temperatures. Not for aquatic environments.

REFILL THIS BOTTLE  Simply refill the empty container with 8 fl oz of Wondercide Outdoor Pest Control Concentrate and fill to top with warm water. Now it’s ready to use again!

OUR STORY

When you love someone, you do everything in your power to protect them. I thought I was keeping my family safe by using common pest control to protect our home and lawn. But when my dog Luna became ill, I knew there had to be a better way.

I founded Wondercide to protect pets, families, and homes without harsh chemicals. Today, our natural products protect packs of every kind, everywhere.

Stephanie & Luna

COMPLETE SYSTEM  Use with Wondercide Indoor Pest Control for total pest protection.

STORAGE & DISPOSAL  Store in a cool, dry place away from direct sunlight. When empty, please recycle or reuse.
