time is achieved. When used on toys or food contact surfaces such as countertops, tables and appliances, thoroughly rinse surfaces with potable water before use. Do not use on utensils, dishes or glasses.

To Sanitize Non-Food Contact Surfaces: After hard, non-porous surface is cleaned, hold can upright 6” to 8” from area to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of 3 minutes prior to wiping. Reapplication is necessary if surface is dried before contact time is achieved.

To Kill Poliovirus Type 1: After surface is cleaned, hold can upright 6” to 8” from area to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of 3 minutes prior to wiping. Reapplication is necessary if surface is dried before contact time is achieved.

Storage and Disposal

Pesticide Storage: Store in a cool, dry (preferably locked) place inaccessible to children and pets and away from direct sunlight, windows, flames and other sources of heat or ignition.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed on site or at an approved waste disposal facility. Container Disposal: Non-refillable container. Do not refill or reuse as this product is hazardous if ingested or inhaled. If empty: Place in trash or for recycling if available. If partly full: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazard to Humans & Domestic Animals
CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.

If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or get medical help if you have had a bad reaction to this product.

Physical or Chemical Hazards

Flammable. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not puncture or incinerate. If empty: Place in trash or for recycling if available. If partly full: Call your local solid waste agency for disposal instructions.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake Well Before Each Use. Paint valve opening toward area to be cleaned, press down firmly and spray evenly.

To Disinfect: After hard, non-porous surface is cleaned, hold can upright 6” to 8” from area to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of 3 minutes prior to wiping. Reapplication is necessary if surface is dried before contact.

Inhalation

Inhalation of the residue resulting from the use of this product may cause respiratory irritation. Remove person to fresh air. If respiratory symptoms occur, obtain emergency medical treatment information.

Ingestion

If swallowed, do not induce vomiting. Call a Poison Control Center or doctor immediately. Rinse mouth and drink a large amount of water (at least 16 ounces). Do not give anything by mouth to an unconscious person.

Inflammation

Wear respiratory protection and protective clothing when using this product. In case of eye irritation, wash eyes with plenty of water. If skin irritation occurs, wash area thoroughly with soap and water. If irritation continues, seek medical advice.

Keep Out of Reach of Children

CAUTION

See back panel for First Aid and additional Precautionary Statements.
