For crystal clear pool water, follow the 4-step pool care program:
Step 4: Add algicide biweekly.

PRECAUTIONARY STATEMENTS:
Hazard to Humans and Domestic Animals
DANGER. Corrosive. Causes irreversible eye damage and skin irritation. Hazard if swallowed or absorbed through the skin. • Do not get in eyes, on skin, or on clothing. • Wear protective disposable gloves, face shield, or safety glasses, rubber gloves, and protective clothing. • Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. • Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE:
READ ALL PRECAUTIONARY STATEMENTS BEFORE USE

OPENING YOUR POOL:
With the pool winterized, clean prior to using this product.

SHOCK TREATING:
Above ground pools may require a shock treat to remove algae. If shocking, use recommended shock treatment as per instructions.

CLOSING YOUR POOL:
When preparing the pool for storage or the following season, the servicing of the pool before it is returned to use the following summer.

WINTER ALGAE:
The product was designed for use in cold and/or freezing temperatures to prevent algae growth. Treat the “Initial Dose” (even after shocks) for 8 hours with the “Maintenance Dose.” If winter algae is still present, use the “Maintenance Dose” until algae is gone.

ACTIVE INGREDIENTS:
Active ingredients: • Alkyl (68% C12, 32% C14) dimethyl benzyl ammonium chloride • Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chloride • OTHER INGREDIENTS: 70.0% TOTAL: 100.0%

OTHER INGREDIENTS:
OTHER INGREDIENTS: 70.0% TOTAL: 100.0%

KILLS & PREVENTS:
- Green, black and yellow algae
- Fast acting
- Non-foaming

MAINTENANCE Dose:
Add 1 oz of this product per 10,000 gallons of pool water at 3 day intervals. If algae re-grows or becomes dense, add another 1 oz per 10,000 gallons of pool water at 3 day intervals.

STORAGE:
This product works best when added in several places directly to the pool water with the pump running. Continue to keep the pump running for several hours after addition of algicide. Wait 15 minutes before entering pool. Pools with heavy growth of algae must be chemically treated before using this product.
