SPEC-AID 8Q704 (STICK)

Hazardous to humans and domestic animals. Peligro. Do not contaminate water, food or feed by storage or disposal.

First Aid

If in eyes - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If swallowed - Call a poison control center or doctor for treatment advice.

If inhaled - Move person to fresh air. If person is not breathing, call 911 or an ambulance. If breathing is difficult, give artificial respiration. If consciousness is lost, call a poison control center or doctor for treatment advice.

If on skin or clothing - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Precautionary Statements

Personal Protective Equipment (PPE)

Keep out of reach of children.

Pesticide Storage: Keep away from heat.

Pesticide Disposal: Pesticide wastes are acutely hazardous, improper disposal of excess pesticide, spray mixture or rinsates is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Inner package is water soluble. Offer empty outer package for recycling, if available, or dispose of in a sanitary landfill, or by incineration, if allowed by State and local authorities. If burned, stay out of smoke.

Lot Number: Made in
Material ID: SPEC-AID 8Q704 (STICK)
Net Weight: HEALTH
Packaging Date: FLAMMABILITY

Personal protective equipment immediately after handling this product. Wash inside. Then wash thoroughly and put on clean clothing. Users should remove

Physical and Chemical Hazards

This product is corrosive to mild steel.

Net Contents: 13 LB (5.9 KG) - 50 Sticks
EPA Registration Number: 67420-1-13876
EPA Establishment Number:

Active Ingredients:

2-Bromo-2-Nitropropane-1,3-Diol ........ 84.5%
Residue Ingredients: ......... 15.5%
Total: 100.0%

Note to physician: Probable mucousal damage may contraindicate the use of gastric lavage.

A solid form microbiocide for use in controlling the growth of sulphate reducing and slime forming bacteria in industrial applications. Not for the control of algae in the State of California.

Note:

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, lakesides, or ditches unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste.

SPEC-AID 8Q704 (STICK)

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

OIL AND GAS APPLICATIONS
Use a weekly shock dose of one stick per 264 gallons based on the water content of the system until control is achieved. Thereafter, use a maintenance dose, once or twice weekly, of one stick per 1056 gallons.
In Gas Wells: apply through the wellhead valving system so product drops down tubing. In Oil Wells: drop product down tubing when sucker rods are pulled. In Storage Tanks: drop through thief hatch. Re-treat with a weekly shock dose if re-contamination is observed. Do not apply directly with oxygen scavengers, but treat alternatively. This product may be used in terrestrial and off-shore oil drilling muds and packer fluids.
