Clorox Disinfecting Bleach

**For Laundry**

1. Sort laundry by color.
2. Add detergent.
3. Fill bleach to max line in dispenser or add measured amount of bleach to wash water.
4. Add clothes and start wash. Ensure contact with bleach for 10 minutes.

**For Disinfecting and Deodorizing Hard, Nonporous Surfaces**

1. Prewash surface, mop or wipe with bleach solution. Allow solution to contact surface for at least 5 minutes. Rinse well and air dry.

**Bleaching Fabrics**

Avoid bleaching wool, silk, mohair, leather, suede and nonfast colors.

**Whitening**

- Standard Machine
- HE Machine

**Sanitizing**

- Standard Machine
- HE Machine

**Water**

**Laundry Sanitization Organisms**

- Bacteria: Klebsiella pneumoniae, Staphylococcus aureus

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**DANGER:** Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear protective eyewear and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, or using the restroom. Avoid breathing vapors and use only in a well-ventilated area. **First Aid Measures:**

- **Eye Contact:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **Oral Ingestion:** Have person sip a glassful of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **Inhalation:** Move exposed person to fresh air. **FIRST AID: If In Eyes:**

- Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If on Skin or Clothing:**

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. **If Swallowed:**

- Have person sip a glassful of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **NOTE TO PHYSICIAN:**

- Probable mucosal damage may contraindicate the use of gastric lavage. Call a poison control center or doctor immediately for further treatment advice. **STORAGE AND DISPOSAL:**

- This product is toxic to fish, aquatic invertebrates, oysters and shrimp. Prolonged use may contaminate food or feed by storage, disposal or cleaning of equipment. **PRODUCT DISPOSAL:**

- Product or rinsates that cannot be used must be diluted with water before disposal in a sanitary sewer. **CONTAINS NO PHOSPHORUS.**

**PRODUCT DISPOSAL:**

Product or rinsates that cannot be used must be diluted with water before disposal in a sanitary sewer. **CONTAINS NO PHOSPHORUS.**

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. DO NOT use this product full strength for cleaning surfaces. Always dilute strictly in accordance with the directions. For prepackaged use, wear gloves.
