**DIRECTIONS FOR USE**

1. **Aim toward target area to be treated and away from people and pets.**
2. To improve accuracy, use slider to extend wand.
3. Press the trigger to spray.
4. Release the trigger to stop spray.

**After use:**
- Call 1-800-917-5438 or visit our website at www.spectracide.com
- **QUESTIONS & COMMENTS:**

**Use:**
- **PICTURED WEED:**
  - Diquat, Fluazifop-p-butyl, Dicamba
  - Leaves yellowing/browning, then falls out in 1-3 weeks
  - Works faster at higher volume
  - For best results, apply in square feet (length x width).
- **WHERE TO USE:**
  - Foundations; & In Large Areas
  - On Patios, Walkways & Driveways; Around Flowers, Shrubs & Trees; Along Fences & Outdoors
- **WHEN TO APPLY:**
  - Under dry conditions, water lawn every other day for a week before applying this product.
  - Water one day after application.
  - To avoid drift to desirable plants, apply when the air is calm.
  - 30° or less, no wind
  - No rain in 2 hours
- **Environmental Hazards:**
  - Cause moderate eye irritation. Avoid contact with eyes or clothing.
  - CAUTION: **Do not allow people or pets to enter the treated area until the affected grass is completely dead.**

**STORAGE AND DISPOSAL:**
- **Stable at room temperature:**
  - Do not discard the AccuShot ® Sprayer. Nonrefillable container. Do not reuse or refill this container, except as described in the directions for use.
- **Pesticide Storage:**
  - Store pesticide in a cool, dry place. Do not store near food or food products.
  - Keep out of reach of children and pets.
- **First Aid:**
  - **If on skin:** Wash skin thoroughly with soap and water. If not relieved, call a Poison Control Center or doctor for treatment advice.
  - **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
  - **If swallowed:** Do not induce vomiting. Give 2-3 tablespoons of water or milk. Do not give anything by mouth to an unconscious person.

**Operating Notes:**
- **Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.**
- **Insert the positive secure snap the hose plug into opening in cap until it snaps into place.**
- **When priming the sprayer, hold sprayer level to the ground. Squeeze and hold trigger until liquid comes out the outdoor drain.**
- **If empty:** Wipe off any spilled product. Tightly close cap. When finished using sprayer, remove and discard batteries.
- **Properly secure sprayer in holster may result in leakage and damage to property or injury to people or animals.**

**Additional operating notes:**
- Mix alkaline, carbon-zinc or rechargeable batteries.
- Always twist sprayer nozzle completely to CLOSE position.

**Environmental Hazards:**
- Do not apply at a rate greater than 2 gallons per 1,000 square feet.
- Use least amount of active ingredient needed to achieve desired results.
- Do not contaminate water, food or feed sources by disposing of spray residue or equipment.
STOP.

†GUARANTEED RESULTS OR YOUR MONEY BACK

SAFETY FIRST: Always wear personal protective equipment when using this product. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.
**DIRECTIONS FOR USE**

1. **Choose Your Sprayer**
   - Spectracide® Weed & Grass Killer Combo AccuShot™
     - IF YOU PREFER A HAND HELD SPRAYER: Spectracide® Weed & Grass Killer Combo Hose Sprayer
   - Before applying, read the entire label.
   - User: Just add water to activate batteries.
   - Hose: Requires 7 fl oz or 1 gallon of water.

2. **How to Apply**
   - **ON PATIOS, WALKWAYS & DRIVEWAYS; AROUND FLOWERS, SHRUBS & TREES; ALONG FENCES & BOUNDARIES:**
     - For best results, apply during warm, sunny weather (above 60°F) when weeds are actively growing. Rainfall or watering 15 minutes after application can reduce effectiveness. For best results, apply during the cooler part of the day (just before sunset) or during the cooler part of the night (just after sunset).
   - **FOR LAWN RENOVATION/REPLACEMENT:**
     - All ornamental flowers, trees and shrubs may be planted after application. Visible results as fast as 3 hours. Rainproof in 15 minutes. Specifiable area with visible results depends on weed type, temperature and application rate. Triple-Powered Weed & Grass Killing Formula - Diquat, Fluazifop-p-butyl, Dicamba.

3. **Operating Instructions for AccuShot®**
   - 1. Determine size of area to be treated — measure length and width in feet, then multiply to determine coverage area in square feet (length x width).
   - 2. To improve accuracy, use slider to extend wand.
   - 4. Release the trigger to stop spray.
   - 5. Securely snap the hose plug into opening in cap until it snaps into place.
   - 6. Twist sprayer nozzle completely to CLOSE position.
   - 7. Slide switch on hose plug counterclockwise to "OPEN." The nozzle will now "PEEL HERE."

4. **Rejuvenation Instructions**
   - NOT GUARANTEED RESULTS OR YOUR MONEY BACK

**PRECAUTIONARY STATEMENTS**

**First Aid**

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Wash skin with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the treated area. Wash any equipment used in application over the treated area. Rinsing application equipment over the treated area will help avoid runoff to areas that may be susceptible to pollution or contamination. Wear.comfortable protective clothing. Remove and wash clothing, if necessary, as soon as possible, wash thoroughly and change into clean clothing.

**User Safety Recommendations**

Users should remove clothing and personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**Environmental Hazards**

This pesticide is toxic to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when wind is not predominant for four hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid runoff to water bodies or drainage systems.

**APPLICATION RESTRICTIONS**

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not apply to untreated, fresh-cut vegetables. Do not make more than two applications per year to any given area. Do NOT use for spot weed treatment in lawns, since Spectracide® Weed & Grass Killer Combo Dose Refill kills all green plants, including lawn grasses.

**STORAGE AND DISPOSAL**

This product must be used in its original container. In a secured storage area away from sources of heat or open flame.

**POTENTIAL HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING. Causes skin irritation. Causes moderate eye irritation. Do not put on or into clothing. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the treated area. Protect product from freezing. Protect product from sources of heat or open flame.
