**OPERATING INSTRUCTIONS FOR ACCUSHOT**

1. Fill the spray bottle with water and mix according to the ratio on the bottle. Use the same container for mixing as the spray bottle. Mix the water and concentrate thoroughly. Make sure to shake the bottle vigorously before and after use. When using the nozzle, make sure the nozzle is clean and free of debris.

2. Gire the speed control dial clockwise for slow speed or counterclockwise for fast speed.

3. Securely snap the plug into the hole on the cap.

4. Screw the nozzle to the spray bottle.

5. Operate the spray to the desired setting. When using high speed, allow the nozzle to clear the liquid for a moment before starting.

**STORAGE AND DISPOSAL**

Precautions:
- Protect from freezing. Store in a cool, dry location.
- Protect from the sun. Avoid direct sun exposure.
- Keep out of reach of children.
- Do not use in areas where water is a public water source.

Disposal:
- Do not dispose of Accushot® Sprayer in the garbage or the trash. Follow local regulations for proper disposal of chemicals.
- Do not mix with other chemicals or household waste.
- Do not apply the concentrate to areas where it may contaminate a water source.

**PRECAUTIONARY STATEMENTS**

**First Aid Measures**
- If swallowed, induce vomiting immediately with a small amount of water. Do not give anything by mouth to an unconscious person.
- If in the eyes, flush with water for 15 minutes. If irritation persists, seek medical attention.
- If inhaled, move to fresh air. If not breathing, give artificial respiration. If unconscious, consult a physician.

**Fire Fighting**
- Use water if safe to do so. Do not use a water stream if it is a water source. Do not use foam agents to fight a fire.

**Storage & Disposal**
- Store in a cool, dry place. Keep out of reach of children.
- Do not mix with other chemicals. Do not dispose of in the trash.

**Precautions for Use**
- Do not apply to zoysiagrass just emerging from dormancy.
- Do not apply to grasses or forage grown in areas where the chemical may contaminate a water source.

**NOTES:**
- To the extent consistent with applicable law, buyer assumes all responsibility for safety and use of product.

STORAGE AND DISPOSAL

Precautionary statements

This chemical has properties and characteristics associated with chemicals detected in groundwater. Use of this chemical in areas where soils are permeable, particularly where the capillary fringe is shallow, may cause contamination of groundwater. The application near a water supply well, a spring or a drainage ditch may affect the water in the well, the spring or the ditch. This chemical is toxic to fish and aquatic invertebrates and may negatively affect plants when used near water bodies. Use of this chemical near natural water bodies, such as irrigation return flows, wetlands, springs, and lakes may lead to contamination of water. Do not apply this chemical near lakes, ponds, rivers, streams, ditches, and other bodies of water. Do not contaminate water when applying or moving this chemical. Harmful if swallowed. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

If you are not satisfied with this product for any reason, send your written request for a refund with proof of purchase. The factory address is: UIC, 17-16218

MODO DE EMPLEO

Guarde el Rociador AccuShot para usarlo con el Herbicida para céspedes® de Spectracide® Weed Stop®.

1. Abra el compartimiento de las pilas usando un destornillador.
2. Para reemplazar las pilas: 
   a. Gire la válvula de los contactos hacia la derecha hasta que haga clic. 
   b. Inserte dos pilas de 1.5 voltios (AA) en el compartimiento de las pilas. Asegúrese de que se alineen con la polaridad correcta. 
3. Para ajustar la varilla: 
   a. Gire la válvula de ajuste de la varilla hacia la derecha hasta que haga clic. 
   b. Extienda la varilla hasta que se sienta firme, manténgala en esa posición y gire la válvula de ajuste de la varilla hacia la izquierda hasta que haga clic. 
4. Asegure la punta del rociador en el soporte. 
5. Para una mayor precisión, extienda la varilla con la pieza que se desliza.

NOTAS: 
- No lo aplique directamente ni cerca de agua, drenajes pluviales, cunetas, alcantarillas ni zanjas de drenaje. 
- No lo aplique en una franja de 25 pies de ríos, estanques de peces, lagos, arroyos, embalses, pantanos, estuarios, bahías y océanos. Para evitar el escurrimiento del producto, no riegue en exceso ... ni lo aplique cuando llueve o el día que se espere lluvia. Enjuague el aplicador sobre el césped solamente.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

To the extent consistent with applicable law, buyer assumes all responsibility for safety and use of this product.

WARNINGS: 
- Keep out of reach of children. 
- Do not use this product near water, pets, livestock, wildlife or wetlands.

HAZARDS TO OTHER HUMAN HEALTH: 
- This pesticide may cause serious health problems, including death when inhaled, swallowed or absorbed through the skin. 
- Avoid contact with skin and eyes. 
- Do not inhale fumes or vapors. 
- Wash hands thoroughly after handling.

STORAGE AND DISPOSAL

Pesticide Storage: 
- Turn the nozzle to “CLOSE” position. 
- To prevent leakage, attach sprayer to clip. 
- Store this product only in a well-ventilated area, out of the reach of children and pets.

Pesticide Disposal and Container Handling: 
- Do not deposit this product in storm drains or sewers. 
- Do not deposit this product in waste or with sewage. 
- Do not deposit this product in water. 
- Do not deposit this product in surface waters.

WHERE TO USE

This product is intended for use by homeowners on residential lawns including Cool season turfgrass:
- This product is intended for use on turf being grown for sale or commercial use such as sod, or for commercial seed production, or for research purposes.
- Applications for dormant cool season turfgrass. 
- Applications in a setting in which turf is being grown for commercial purposes only, such as sod, or for commercial seed production, or for research purposes.
