Precautionary Statements
Hazards to Humans and Domestic Animals
Danger. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

Environmental Hazards
This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Mildewstatic Performance: This product controls the following mold at 6 oz. per 4 gal. of water (1,200 ppm active) and 5% soil on hard, nonporous surfaces for up to 7 days: Aspergillus niger (ATCC 6275).

Non-Food Contact Sanitizing Performance: This product is an effective one step non-food contact sanitizer in 3 minutes at 1 oz. per 4 gal. of 500 ppm hard water (200 ppm active) and 5% soil on hard, non-porous surfaces against: Staphylococcus aureus (ATCC 6538), Enterobacter aerogenes (ATCC 13048).

Direction of Use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Before using this product, food products and packaging materials must be removed from the room or carefully protected. This product is not for use on medical device surfaces.

Non-Food Contact Sanitizing Directions
Non-Food Contact Sanitizing: Pre-clean heavily soiled surfaces. Add 1 oz. of this product per 4 gal. of water (200 ppm active) (or equivalent use dilution). Apply solution to hard, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, auto scrubber, mechanical spray device, hand pump, coarse pump or trigger spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Treated surfaces must remain wet for 3 minutes. Prepare a fresh solution daily or when visibly dirty.

Entryway Sanitizing Systems: To reduce cross contamination from area to area, set the system to deliver 6 to 15 oz. of this product per 4 gallons of water (1,200-3,000 ppm active) of sanitizing solution. The foam must cover the entire path of the doorway. Set the system so that a continuous wet blanket of sanitizer solution is delivered to the floor. Do not mix other foam additives to the sanitizing solution.

Active Ingredients:
- Alkyl (50% C14, 40% C12, 10% C16)..............4.0%
- Dimethyl Benzyl Ammonium Chloride.............3.0%
- Octyl Decyl Dimethyl Ammonium Chloride......1.5%
- Dioctyl Dimethyl Ammonium Chloride..........1.5%

Other Ingredients: 90.0%

Total: 100.0%

First Aid
In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If On Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

This product is intended for commercial and institutional use only.
