EcoMIGHT is a
full line of natural pest
control products from
South Florida.

Our ingredients are exempt from federal
regulation under the Minimum Risk
Exemption in FIFRA Section 25(b)

These ingredients make EcoMIGHT the
safest pest and weed control products not
only for the recipients of the sprays but the
applicator as well! *When used as directed

CAUTION: Wear safety glasses, dust mask and gloves. Avoid
frequent or prolonged contact with skin. In case of contact
with eyes, flush with water for at least 15 minutes. If
swallowed, call a physician immediately.

Net Contents: 1 gallon

Non-Selective Herbicide

EcoMIGHT

NATURAL PEST CONTROL

Directions: Shake well before mixing. Add 6-8 fluid ounces of product per 1 gallon of water and shake well again. Use 8-16 fluid ounces to 1 gallon of water if there is a heavy weed presence. Spray directly on unwanted foliage. Reapply as necessary. 1 gallon covers approximately 1000-1500 sqft, depending on density of the weeds being treated in area. Apply when weeds and grasses are dry. Do not apply if weeds or grasses are wet (from rain, irrigation or dew). Do not irrigate within 2 hours after application. Do not apply if rainfall is expected within 2 hours of application.

Storage and Disposal: Store in a cool, dry, well ventilated area. Store in original container and keep product cap sealed tight. Do not store in direct sunlight or below 40°. Disposal of unwanted product at an approved waste disposal facility. Follow local, state or federal disposal procedures accordingly.

Use Sites: Spray directly on unwanted weeds, grasses and foliage growing around sports fields, golf courses, parks, gardens, hardscapes, fence-lines, mulched areas, landscapes, non-crop areas, right-of-ways. W.O.W. is a non-selective post emergent herbicide. Outdoor use only.

Notice: Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control user's handling, end use, or effect of use.
