**NOTE TO PHYSICIAN**

This product is a pyrethroid. If large amounts are ingested, milk, cream or other digestible foods and oils may increase absorption and so should be avoided.

For Information Regarding the Use of this Product Call 1-800-232-8007

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans (and Domestic Animals)

**Caution**

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

#### Environmental Hazards

This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply when weather conditions favor drift from treated areas. Drift and run off from treated areas may be hazardous to aquatic organisms in neighboring areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash off pesticide into the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent runoff to water bodies or drainage systems.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of run-off. Do not make applications during rain.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. Do not apply more than 580 pounds of Fertilizer W/Talstar® 0.069% per acre per year.

For any requirements specific to your State or tribe, consult the agency responsible for pesticide regulation.

### STORAGE AND DISPOSAL

#### Prohibitions

- Do not contaminate water, food or feed by storage or disposal.
- Do not contaminate water, food or feed by storage or disposal.
