- Do not apply to stuffed animals or toys.
- Do not apply to indoor air streams.
- Do not apply to food, food surfaces, or utensils.
- Do not apply to surfaces that will be in direct contact with humans.
- Do not apply in areas where food is being prepared.

**KILLS**

**BEFORE YOU APPLY:**
- Cover or Remove Exposed Food (Including Pet Food)
- Cover All Food Processing Surfaces and Utensils
- Remove All Items from pantry and clean pantry thoroughly
- Shake Well

**WHERE TO APPLY:**
- Indoor Surfaces, Pantries, around baseboards, floorboards, headboards, walls, bed frame, mattress (tufts, seams, edges, and vent holes) and box spring and any other joint, behind pictures/wall hangings, along and underneath carpet edges, and other articles/furniture in the bedroom or sleeping area, floors/floor coverings (rugs, carpet, tile, vinyl & wood), luggage.

**WHEN TO APPLY:**
- When there is evidence of bed bug or insect activity.

**HOW TO APPLY:**

**To treat bed bugs and bed bug eggs:**
- Spray bed bugs and their eggs by applying as a spot treatment to cracks and crevices in the sleeping area in places such as baseboards, crown molding, behind pictures/wall hangings, along and underneath carpet edges, and other articles/furniture in the bedroom or sleeping areas where bed bugs may be hidden.

**Fleas and Ticks (Including ticks that may transmit Lyme Disease)**
- Do not apply to indoor air streams.
- Apply 4-inch wide band along the surfaces being treated.
- Spray cracks and crevices and along shelves in pantries.
- Spray until slightly wet without soaking.
- For pantries, replace non-infested items once spray has dried.

**AFTER YOU APPLY:**
- Do not allow people and pets to re-enter treated area until after spray has dried.
- Thoroughly wash all food processing surfaces and utensils with soap and water before reuse.

**REGULATORY NOTES**
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The use of this product on human or animal food is prohibited.
- Do not apply to indoor air streams.
- Do not apply to food, food surfaces, or utensils.
- Do not apply to surfaces that will be in direct contact with humans.
- Do not apply in areas where food is being prepared.

**LABELLING**
- Labeling of this product is pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is regulated by the Environmental Protection Agency (EPA).
- The label of this product is subject to change and may contain additional information that is not reflected in this document.

Ortho Home Defense Max Bed Bug, Flea & Tick Killer
CÓMO APLICARLO:

Para tratar las chinches y sus huevos: Rocíe las chinches y sus huevos. Trate los muebles y los lugares ocultos aplicando el producto como un tratamiento focalizado en las grietas y hendiduras de los dormitorios, en lugares tales como higos, medidas de techos, detrás de cuadros y tapices, a lo largo y debajo del borde de alfombras, y en otros lugares muebles de la recámara o dormitorio donde las chinches pudieran esconderse.

Para localizar las chinches escondidas, desarme el marco y retire la ropa de cama. No aplique el producto directamente a la ropa de cama. Aplique este producto al marco de la cama, el colchón (el bodoque, las costuras, los bordes y los orificios de ventilación), el somier y otras junturas donde las chinches se estén refugiando. No empaque ni trate la superficie entera del colchón o el somier. Permite que el rociado se seque antes de usar el colchón o el somier. No lo aplique a muebles de ropa de cama ni pequeños muebles.

Continúe inspeccionando las áreas tratadas y repita las aplicaciones cada 2 semanas, mientras las chinches y sus huevos estén presentes.

Para una actividad de chinches persistente, consulte con un profesional con licencia en plagas.

Al tratar alfombras: Retire el contenido, y rocíe las chinches y sus huevos. También rocíe las áreas que puedan estar ocultas, concentrándose en los orificios, los huecos y las costuras. Deje secar las alfombras antes de volver a usarlas.

Para la eliminación de chinches: Rocíe las chinches y sus huevos. Trate los insectos y los huevos aplicando el producto como un tratamiento focalizado en las grietas y hendiduras de los dormitorios, en lugares tales como higos, medidas de techos, detrás de cuadros y tapices, a lo largo y debajo del borde de alfombras, y en otros lugares muebles de la recámara o dormitorio donde las chinches pudieran esconderse.
