Starts KILLING IMMEDIATELY UPON CONTACT

When to apply:

- Houseplants and Flowers
- Trees and Shrubs
- Lawns
- Ornamentals and Gardens
- Food Crops
- Tree Fruits
- Ornamentals and Gardens
- Flowers

**How to apply:**

- Use a misting sprayer or a knapsack sprayer for application.
- Apply the product directly to the plant or area to be treated.
- Use a coarse mist setting to allow the product to spray for 2-3 hours.
- Repeat applications every 7-10 days for effective pest control.

**Additional information:**

- This product is classified as a systemic insecticide that works by killing insects as they come in contact with the treated surface. It is effective against a wide range of pests, including aphids, leaf miners, loopers, and many other insects.
- Use this product at the first sign of pest activity or damage.
- Do not apply more than 4.5 pounds per 1000 ft² per year.

**CARE DURING USE:**

- Keep out of reach of children and pets.
- Do not eat or drink while handling the product.
- Wash hands thoroughly with soap and water after handling the product.
- Do not mix with any other pesticides or insecticides.

**STORAGE AND DISPOSAL:**

- Store in a cool, dry place.
- Do not pour on water bodies or onto the ground. Do not allow the product to enter storm drains or other waterways.
- Do not contaminate water, food, or feed by storage or disposal.

**SAFE HANDLING INSTRUCTIONS:**

- Wear protective clothing and follow all safety precautions.
- Avoid contact with the skin, eyes, or mouth.
- Keep out of reach of children and pets.
- Use this product only as directed.

**IMPORTANT SAFETY INSTRUCTIONS:**

- Do not mix with other pesticides or insecticides.
- Do not use this product on edible crops or vegetables.
- Do not apply this product to any crop that is currently being grown for harvest.

**NOTE TO PHYSICIAN:**

If you think that someone has ingested or inhaled this product, call your physician or local poison control center immediately.

**FIRST AID:**

- If swallowed, do not induce vomiting. Give 1-2 cups of water and seek medical attention.
- If inhaled, move to fresh air. If breathing is difficult, give artificial respiration. Seek medical attention.
- If exposed, wash thoroughly with soap and water.

**FIRST AID TREATMENT AT HOME:**

- If on skin or clothing, remove contaminated clothing and wash with soap and water.
- If in eyes, flush with large amounts of water for 15 minutes. If pain persists, seek medical attention.
- If in mouth, rinse thoroughly with water. If swallowed, seek medical attention.
