This product is toxic to fish.

ENVIRONMENTAL HAZARDS
Amounts of water, and consult a veterinarian immediately. If signs of sensitivity occur, bathe your pet with mild soap, rinse with large amounts of water, and consult a veterinarian immediately.

HAZARDS TO DOMESTIC ANIMALS
Do not use on dogs or puppies less than 12 weeks of age. Do not use on dogs or puppies weighing less than 31 lbs. Do not use this product on dogs or puppies known to be sensitive to pesticide products without first consulting a veterinarian. Sensitivity, such as slight transitory redness of the skin at the site of application, may occur after using ANY pesticide product for pets. If signs of debilitation, aged, medicated, pregnant or nursing dogs or on dogs/puppies weighing 31-60 lbs. Do not use this product on dogs or puppies less than 12 weeks of age. Do not use on dogs or puppies weighing less than 31 lbs. Do not exceed labeled dosage amount for dogs. Do not use on other animals.

For use ONLY on Dogs and Puppies 12 weeks and older

For Dogs by hand over the dog/puppy. Although the dog's/puppy's fur may be damp from bathing, the dye will help to distribute the material over the skin. Do not apply an excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Side Effects:

4. Do not spread Adams™ Plus Flea & Tick Prevention Spot On® for Dogs beyond over the dog/puppy. Although the dog's/puppy's skin and hair will distribute the application over the entire dog/puppy, brushing the dog/puppy 15-30 minutes after application will help to distribute the topical over their skin.

5. Discard empty tube as described in Storage and Disposal Adams™ Plus Flea & Tick Prevention Spot On® for Dogs is most effective when used as part of a total flea and tick management program. Use other Adams™ Plus products registered for residential area control of these pests in conjunction with this treatment. Monthly treatments are required for optimal control and prevention of fleas.

STORAGE AND DISPOSAL
Pesticide Storage: Keep this product in its tightly closed original container, when not in use. Once opened, store in a cool, dry (preferably locked area that is inaccessible to children and animals. Pesticide Disposal: Washers residing from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Non-refillable container.
