Advecta Ultra for Dogs

DIRECTIONS FOR USE

1. Invert tube over dog and use open end to part dog's hair.
2. Hold the tube with notched end pointing upward and snap off the cap. Insert the tube between the shoulder blades, back of the neck to a point midway between the neck and tail. Press firmly to release the medication. Snap off the cap and do not recap.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. WARNING. This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water, food, or feed by either using or disposing of containers in bodies of water, in fish ponds, or ditches adjacent to them. Do not allow persons or pets to enter the treated area until it is completely dry.
