**ONLY for dogs 89 - 132 lbs.**

**PETACTION Pro for Dogs**

- **FAST ACTING**
- **LONGLASTING**
- **WATERPROOF**

**KILLS FLEAS, TICKS, CHEWING LICE, FLEA EGGS, FLEA LARVAE**

**ACTIVE INGREDIENTS USED IN FRONTLINE® PLUS FOR DOGS**

**SIDE EFFECTS**

Monitor your dog after application. Dogs may experience temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If any side effects are inconsistent with its labeling.

**APPLICATIONS**

- **FOR DOGS 89 - 132 lbs.**
- **Net Contents:** 0.408 fl oz (12.06 mL)
- **3 tubes, each 0.136 fl oz (4.02 mL)**

**ACTIVE INGREDIENTS:**

- **(S)-methoprene:** 8.80%
- **TOTAL:** 100.00%

**DIRECTIONS FOR USE**

- To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Dog must be dry at time of application and remain dry for 24 hours after application. Use entire contents of tube on each dog.

**ELIMINATES FLEAS FOR UP TO THREE MONTHS.**

**FREQUENCY OF APPLICATION**

Apply one tube (4.02 mL)(0.136 fl oz) as a spot on the dog's back between the shoulder blades. Apply monthly to control ticks and chewing lice.

**DIRECTIONS TO APPLY**

1. Remove product tubes from the package. Hold the tube with the notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.
2. Invert tube over dog and use open end to part dog's hair. Squeeze tube firmly to apply all of the medicine to the skin at the site of application. Avoid getting medicine in your dog's eyes, ears, or mouth.
3. **DO NOT INGEST.**

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMANS. CAUTION.** Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling treated area and change clothing if contaminated.
- **HAZARDS TO DOMESTIC ANIMALS.** Do not use on cats or animals other than dogs. Do not allow your dog to ingest this product. Do not use on puppies under 8 weeks old. Do not use on dogs weighing less than 89 lbs. Do not apply to dogs weighing more than 132 lbs.

**INCONSISTENT WITH ITS LABELING.**

- Keep out of reach of children.
- Do not use on medicated, debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with skin disorders or on dogs that are sensitive to this product or its ingredients.

**KEEP OUT OF REACH OF CHILDREN.**

**PESTICIDE STORAGE:**

Do not remove tube from the package until ready to use. Store in a cool (below 77°F/25°C) dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:**

Non-refillable container. Do not reuse or refill this container. If partly filled:

- Offer for recycling if available.
- Non-refillable container. Do not reuse or refill this container.

**IF SWALLOWED:**

- Person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**IF ON SKIN:**

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

**CALL YOUR LOCAL SOLID WASTE RECYCLING CENTER OR OUTDOOR DRAIN.**

15 – 20 minutes. Remove contact lenses, if present, after the first 5
minutes, then continue rinsing. Call a poison control center or doctor
immediately. Do not rub eye.

IF ON SKIN:

Take off contaminated clothing. Rinse skin
immediately with plenty of water for 15 – 20 minutes. Have the product
package or a product label when calling a poison control center,
pharmacy or doctor.

KEEP OUT OF REACH OF CHILDREN

KEEP CHILDREN AND PETS AWAY

No treatment is needed for normal side effects such as:
• temporary redness or itching
• unusual hair loss
• some dogs may have diarrhea

This does not apply to pets that may be treated with a pesticide product:
• dogs that are pregnant or nursing
• dogs with skin dermatitis, skin irritations, or long-term medical conditions
• dogs with certain medications

HAZARDS TO DOMESTIC ANIMALS.

For external use on dogs only. Individual sensitivities, while rare, may occur after using any
domestic animal pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog
illness and even death. Consult a veterinarian before using on medicated, debilitated, aged,
dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis,
dry, or with open wounds. Do not use on dogs with any open wounds.

PRECAUTIONARY STATEMENTS

Hazards to humans: Wipe up spills with material
resistant to petroleum products. Avoid contact with hands or clothing. Remove and wash contaminated
clothing before reuse. Wash hands after handling. Keep out of reach of children.

PRECAUTIONS TO AVOID internal exposure.

NOT FOR PER OR INDOOR USE.

Pesticide Storage:

Do not remove tube from the
package until ready for use. Do not store
in places where it can be accessed by
children or pets. Do not dispose of in
landfills, sewers, or waterways.

Pesticide Disposal:

Consult your local health or
environmental agency for disposal instructions. Never place unused product in
any indoor or outdoor drain.
