PetAction® Pro for Dogs

ONLY for dogs & puppies
5 – 22 lbs

KILLS FLEAS, TICKS, CHEWING LICE, FLEA EGGS, FLEA LARVAE

Active Ingredients: Fipronil 9.80%, 5 - 22 lbs including small dogs and puppies, 8 weeks or older.

How to Apply:
- Invert tube over dog and use open end to part dog's hair. Squeeze tube firmly to apply all of the solution to the dog's skin, as directed below. Do not apply more often than once every 4 weeks.
- Apply one tube (0.67 mL)(0.023 fl oz) as a spot on the dog's back between the shoulder blades.

Precautions:
- Do not use on cats or animals other than dogs. Do not allow your dog to ingest this product.
- Do not use on dogs weighing less than 5 lbs.
- Do not apply more than one tube per treatment for one dog regardless of dog's weight. Do not reapply for 30 days.
- Remove product tubes from the package. Hold the tube with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

Applications:
- FAST ACTING
- LONG LASTING
- WATERPROOF

STORAGE AND DISPOSAL

PESTICIDE STORAGE:
- Store in a cool (below 77°F/25°C) dry place inaccessible to children and pets.
- Do not refrigerate. Protect from direct sunlight.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:
- If empty:
  - Non-refillable container. Do not reuse or refill this container. Offer for recycling if available.
- If partly filled:
  - Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

First Aid:
- IF SWALLOWED:
  - Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- IF IN EYES:
  - Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
- IF ON SKIN:
  - Wash with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

KEEP OUT OF REACH OF CHILDREN

Caution:
- For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Over dosing your dog can result in serious illness and even death. Consult a veterinarian on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product.

OFF LABEL THERAPY

For over-the-counter use on cats and dogs for the control of flea, tick, and chewing lice infestations. For treatment of external parasites and for relief of itching caused by fleas, ticks, and chewing lice.
The first time you treat your dog, place the First Application sticker on your calendar. Apply stickers 2, 3 and 4 to the calendar 30, 60 and 90 days after the first application to remind you it’s time to reapply PetAction® Pro for Dogs.
For complete control of flea, tick, and chewing lice infestations, use PetAction® Pro for Dogs monthly. PetAction® Pro for Dogs is a fast-acting, long-lasting, waterproof solution for dogs.
