Peel Here

READ ENTIRE LABEL BEFORE EACH USE.

SHAKE WELL BEFORE USING.

Certain plants have the ability to produce compounds that help to defend against insects. PetArmor® simple source™ flea & tick spray for cats combines the naturally derived essential oils from these plants to effectively kill and repel fleas, ticks and mosquitoes on your cat.

Directions for Use

Read entire label before each use. Use only in accordance with label instructions.

For use on cats and kittens.

Do not use on kittens under the age of 12 weeks.

Spray the cat with the nozzle about 8” to 12” from the pet. Start spraying the cat at the tail, making sure to spray the entire coat of the animal, including legs, tail and underbody. With your hand, fluff the hair against the way it normally lays to assure that the spray penetrates the coat to the skin. Do not saturate the cat and do not spray in the face, eyes or genitals. Repeat as necessary. Cat may be treated indoors or outdoors. In order to help reduce the occurrence of fleas and ticks, this product is best if used year round.

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION • KEEP OUT OF REACH OF CHILDREN

HUMANS:
Avoid contact with eyes and breathing mist. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco or using the toilet.

DOMESTIC ANIMALS:
Do not apply product directly into eyes, mouth, nose or genitalia of cats. Do not use on (or cause exposure to) kittens under 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing cats. Sensitivities may occur after using ANY pesticide product for pets. If signs occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian.

First Aid

IF IN EYES • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED • Get to fresh air. If breathing has stopped, call 911 or an ambulance; qualified personnel should administer artificial respiration.

HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-224-7387 for emergency medical treatment information.

Storage and Disposal

PESTICIDE STORAGE:
Store only in original container in a cool, dry area inaccessible to children and pets and away from heat and sunlight.

CONTAINER DISPOSAL:
Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product near pets or children.

NET CONTENTS:
8 fl oz (236 mL)
