In Case of Emergency, call: 1-800-775-9416

FREQUENCY OF APPLICATION

The dog must remain dry for at least 24 hours after application.

HOW TO APPLY

The dog must be dry at the time of application. The dog should be standing for the application. Part the hair between the shoulder blades until the skin is visible. Invert the applicator and place the open end of the applicator on the skin of the dog. Apply the entire contents of one applicator, 0.051 fl oz, to the skin as a continuous stripe from the shoulder blades to the base of the tail. Take care that the liquid does not run off the dog. Avoid contact with treated area until dry. Discard empty applicator as described in Storage and Disposal.

HOW TO OPEN

Remove applicator from the package. Separate one applicator from the others. Hold the applicator in a vertical-upright position with the tip pointing up and away from the face and body. Cut off top of applicator with scissors.

KEEP OUT OF REACH OF CHILDREN

Do not use near or allow coming into contact with an oxidizing agent. Hazardous chemical reaction may occur.

STORAGE AND DISPOSAL

PESTICIDE STORAGE:

Do not remove applicators from outer packaging until ready to use. Store in a cool, dry place out of reach of children. Protect from freezing and direct sunlight.

If empty:

Nonrefillable container. Do not reuse or refill this container.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Place in trash or offer for recycling if available. Never place unused product down any indoor or outdoor drain.

For pets other than dogs, please refer to the back panel for directions for use.

CAUTION

Safe for dogs only. Not for use on cats or puppies. Keep out of reach of children and pets other than dogs.
