Contents of one applicator, 0.101 fl oz., to the skin as a continuous stripe from the shoulder blades to the base of the tail. Take care that the applicator does not touch the eyes or nostrils of the dog and do not immerse the applicator in water. Do not apply the applicator to a cat or an animal other than a dog. Avoid contact with treated area until dry. Do not reapply for 4 weeks.

To prevent harm to you and your dog, read the entire label before each use. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. Use entire contents of applicator on each dog. Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog.

HOW TO APPLY

The dog must be dry at the time of application. The dog should be standing for the application. Part the hair between the shoulder blades until the skin is visible. Invert the applicator and place the open end of the applicator on the skin of the dog. Apply the entire contents of one applicator to the skin as a continuous stripe from the shoulder blades to the base of the tail. Do not apply more often than once every 4 weeks.

HOW TO OPEN

Remove applicator from the package. Separate one applicator from the others. Hold the applicator in a vertical upright position with the tip pointing up and away from the face and body. Cut off top of applicator with scissors.

STORAGE AND DISPOSAL

Store in a cool, dry place out of reach of children. This is a nonrefillable container. Do not reuse or refill this container. If empty: Call your local solid waste agency for disposal instructions. Never place unused product down any drain. This product is Not for Human Consumption. Nonrefillable container. Do not reuse or refill this container.
