Vet’s Best® Flea + Tick Spot-On for Cats was formulated for cats and kittens 4 months and older. This unique blend of Cedarwood and Peppermint Oils was carefully formulated to kill and repel fleas and ticks on your cat.

Avoid the mess and fuss with our easy-to-open applicators, just twist and squeeze - no scissors required. For over 30 years, Vet’s Best® has blended premium quality and plant-based ingredients that work together to comfort and protect your pet.

†Made with CERTIFIED NATURAL Cedarwood & Peppermint Oils

APPLICATORS

For Use on Cats 4 Months or Older:
When applying, avoid getting the product in the eyes or mouth. After application, always wait at least 24 hours before bathing. In multi-pet households, be sure the solution has dried before allowing pets to groom each other. Cats may be treated indoors or outdoors.

In order to help reduce the occurrence of fleas and ticks, this product is best used year round and when combined with other Vet’s Best® products for pet, home and yard.

DIRECTIONS FOR USE:
Apply once per month. Do not exceed more than once every 2 weeks. Hold your pet with one hand. Twist off the tip of the tube at the dotted line (see diagram A). Lift or spread the fur between the shoulder blades of the cat until you can see the skin (see diagram B). Place the tube tip on the cat's skin area and apply (see diagram C). Hold the cat briefly, allowing to absorb. Apply between the shoulder blades and continue down the spine until the tube is empty (see diagram D). When applying, use the tip of the applicator to part the cat's hair so the product reaches the cat's skin. Once the full dose has been applied allow a few minutes for the solution to be absorbed into the cat's coat. Be sure to read the entire label for all instructions.

READ ENTIRE LABEL BEFORE EACH USE AND USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.

First Aid:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes. Have person rinse more if needed. IF INHALED: Move into fresh air. If symptoms persist, call a physician.
