PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Causes moderate eye irritation. Wear protective eyewear. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes, and gloves.

FIRST AID
If in Eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Hot Line Number: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticide Information Center (NPIC) at 1-800-858-7378, Monday through Friday, 8:00 AM to 12:00 PM Pacific Time (NPIC Website: www.npic.orst.edu). After 12:00 PM Pacific Time Weekdays and during the weekend, call the poison control center at 1-800-222-1222.

PERSONAL PROTECTIVE EQUIPMENT
Mixers and other handlers must wear long-sleeved shirts and pants, shoes plus socks, and chemical resistant gloves (nitrile rubber, barrier laminate, neoprene rubber or Viton ≥ 14 mls). Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to aquatic invertebrates. Do not contaminate water when disposing of equipment wash water.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. General Instructions: There is no withdrawal period for JustiFly Fly-A-Salt™. Start feeding JustiFly Fly-A-Salt™, in the spring before stable flies begin to emerge and continue use until cold weather marks the end of stable fly season. In some cases, supplemental stable fly control measures may be needed in and around pastures, barns, and feedlots to kill adult stable flies which can breed in other decaying matter or silage in the area, or that migrate in from other locations.

Feeding and Management Instructions: Feed this product to cattle only. When used as directed JustiFly Fly-A-Salt™ will provide sufficient diffubenzuron insect growth regulator to prevent the emergence of adult stable flies from manure of treated cattle. Existing adult stable flies will not be affected. Start feeding before stable flies appear, and continue feeding until cold weather marks the end of the fly season. Allow free choice to cattle. Cattle should consume an average of 0.1 oz of JustiFly Fly-A-Salt™ per 100 lbs. of body weight/day, which is equivalent to 1 oz per day per 1,000 lb. animal.

1. Assure cattle are not starved for nutrients in this product prior to feeding this product.
3. Remove all other self-limiting nutritional supplements while the cattle are being fed JustiFly Fly-A-Salt™.
5. The number of the product is below 0.1 oz/100 lbs. animal body weight/day, increase the number of feeding locations and/or change location(s) to areas more frequented by cattle.
6. If intake of this product is above 0.1 oz/100 lbs. animal body weight/day, reduce the number of feeding locations and/or change location(s) to areas less frequented by cattle.
7. Introduction of this product after stable fly infestations are established may require treatment of the cattle with an adulticide, if elimination of the adult stable fly populations are required.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Keep this product in its tightly closed original container. Store in a cool, dry place (preferably locked) area, away from pesticides, fertilizer, food or feed, that is inaccessible to children and animals.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into mixing equipment. Then offer for recycling if available or dispose of empty bag in a sanitary landfill or by other procedures approved by state and local authorities.

WARRANTY & LIMITATION OF DAMAGES
Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. To the extent consistent with applicable law, Seller makes no other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing and with specific reference to this warranty. In no event shall Seller’s liability for any breach of warranty exceed the purchase price of the material as to which claim is made.
