PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS

DANGER
Corrosive. Causes irreversible eye damage. May be fatal if absorbed through skin. Causes skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed or inhaled. Avoid breathing spray mist.

PERSONAL PROTECTIVE EQUIPMENT (PPE):
Applicants and other handlers must wear:
• Goggles or face shield
• Long sleeves shirt and long pants
• Chemical-resistant gloves such as Nitrile, Viton, Neoprene and/or Barrier laminate
• Shoes plus socks

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from the laundry.

USER SAFETY RECOMMENDATIONS
Users should:
• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly.

FIRST AID
IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
• Immediately call a poison control center or doctor.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give any liquid to the person.
• Do not give anything by mouth to an unconscious person.
• Move person to fresh air.
• If person is not breathing call 911 or an ambulance, then give artificial respiration if they appear to be needed.

IF INHALED:
• Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies, call your poison control center at 1-800-222-1222

NOTE TO PHYSICIAN:
Probable mucous damage may contribute the use of gastric lavage. Contains petroleum distillate – vomiting may cause aspiration pneumonia.

BRITEWOOD® PF-1
A Fungicide for Use in Aqueous and Solvent Systems such as Oleo-Resinous and Latex Paints and Wood Products.

INDUSTRIAL FUNGICIDE
ACTIVE INGREDIENT: % WEIGHT
3-Iodo-2-Propynyl Butyl Carbamate 40.0%
INERT INGREDIENTS: 60.0%
Contains petroleum distillate
TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER

SOLD FOR INDUSTRIAL USE

EPA Reg. No. 5383-63-57227
EPA Est. No. 57227-OR-3

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without prior notice to the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA. Do not apply directly to water or to areas where surface water is present or to tidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION
PRODUCT: The following are suggested use levels for Britewood® PF-1. Typical use levels given for the various applications indicate the approximate levels for the particular application. All suggestions are given in percentage by weight and refer to the product Britewood® PF-1.
USE: In order to determine the most cost effective use level for Britewood® PF-1, a given use, field trials are suggested.

GENERAL PRECAUTIONS AND RESTRICTIONS
Do not apply this product in a way that will contact workers or other persons. Britewood® PF-1 is not to be used in formulations for materials that come into contact with food.

APPLICATION INSTRUCTIONS
PAINTS AND STAINS: Generally use 0.4-1.2% or 4-12 pounds of Britewood® PF-1 per one hundred gallons. For hot, humid areas use up to 2.0% (20 lbs.). For interior paints use 0.1-0.4% (1-4 pounds). Wood protective stains use 0.8-1.2% (8-12 pounds) of Britewood® PF-1.
WOOD: For above ground use only at rates of 0.5-2.0% depending on protection. For below grade use, use 0.5% within 24 hours of cutting. For millwork, use 0.5%. Do not apply to wood surfaces that come into contact with food.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to crystalize at low temperatures. Store in temperatures below 40°F (4°C) and above 90°F (32°C) only suggested.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or residue is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative of the nearest EPA regional office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into the application equipment or a milk tank. Then rinse with water containing ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two or more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.
