PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid prolonged contact with skin. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

PHYSICAL OR CHEMICAL HAZARDS

Do not apply the product around electrical devices or outlets.

Combustible. Do not use or store near heat or open flame.

PRODUCT USE

For household use. Do not use as a disinfectant on floors or in bathrooms. Use to clean and disinfect hard, non-porous surfaces including sealed natural stone. Thoroughly wet the surface, using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. For highly soiled surfaces, clean excess dirt first and rinse with potable water.

To Disinfect: Use to disinfect hard, non-porous surfaces including sealed natural stone. Thoroughly wet the surface, using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. For highly soiled surfaces, clean excess dirt first and rinse with potable water.

To Sanitize: Use to sanitize hard, non-porous surfaces including sealed natural stone. Thoroughly wet the surface, using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. For highly soiled surfaces, clean excess dirt first and rinse with potable water.

STORAGE AND DISPOSAL

Nonrefillable container. Do not reuse or refill this product. Do not apply this product around electrical devices or outlets. Do not apply the product around electrical devices or outlets. Do not apply the product around electrical devices or outlets.

Keep away from children. For treatment. For emergencies, contact a poison control center or doctor.

If swallowed:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing.
- Call a poison control center or doctor for further treatment advice.

If in eyes:

- Rinse skin immediately with plenty of water for 15-20 minutes.
- Take off contaminated clothing.
- Call a poison control center or doctor for further treatment advice.

If on skin:

- Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Call a poison control center or doctor for further treatment advice.

PRECAUTIONS ON THIS PRODUCT LABEL.

Read and follow all directions and precautions on this product label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

To Open Package: Peel back seal and use wipes as directed. Rinse pouch after each use to retain moisture.

To Sanitize: Use to sanitize hard, non-porous surfaces including sealed natural stone. Thoroughly wet the surface, using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. For highly soiled surfaces, clean excess dirt first and rinse with potable water.

To Disinfect: Use to disinfect hard, non-porous surfaces including sealed natural stone. Thoroughly wet the surface, using as many wipes as necessary to keep the surface visibly wet for 5 minutes. Let surface dry. For highly soiled surfaces, clean excess dirt first and rinse with potable water.

To Clean: Wipe surface clean. Not for personal use. Test an inconspicuous area before use. Do not use on unvarnished or painted wood. The cleaning performance of this product may not be optimal for some modern surfaces; streaking may occur. Always follow the manufacturer’s instructions for additional precautions.
