For Use in Cleanrooms and Controlled Areas

Broad Spectrum Disinfectant • Hospital Disinfectant
Aseptically Filtered at 0.2 µm • Sterile Pharmaceutical Cleanroom Formula
Formulated for Use in Aseptic and Controlled Environments (Cleanrooms)

Active Ingredients:
- Ortho-Phenylphenol® (CAS# 90-43-7) • 11.05%
- Orto-Propyl-Para-Chlorophenol (CAS# 120-32-1) • 10.91%
- Other Ingredients • 78.04%

Total: 100.00%

Keep out of reach of children

Danger:
- Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear protective eyewear such as goggles, face shield, or safety glasses. Wear long-sleeved shirt and long pants, shoes and socks, and chemical-resistant gloves. Wear thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged of frequently repeated skin contact may cause allergic reactions in some individuals.

Directions for Use:
Read the label before using.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

If you test the label,图为 a physician that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

DECON-PHENE® Plus is effective in hard water (200 ppm). The use dilution of this product is uniform. Mix 15 seconds until the solution is uniform. For Concentrate: To make a cleaning and disinfecting solution, add one fluid ounce (30 mL) per gallon of water (3.79 liters) and mix for 15 seconds until the solution is uniform. An equivalent 1:128 dilution can also be used. If extra detergency is desired, increase dilution to 2 ounces per gallon of water.

If you mix or dilute with other chemicals.

To clean, deodorize, and disinfect:
After mixing the use solution, apply this product using a cloth, mop, sponge, brush or course sprayer. Thoroughly wet surface with this product and allow to remain wet for a minimum of 10 minutes. Allow surface to air dry, or after 10 minutes rinse and wipe dry with sterilized cloth wiper, if desired.

Prepare a fresh solution at least daily or as solution becomes dirty, discard and replace with a fresh one.

Preparation and Disinfection Use Solution:
Pre-clean all surfaces to be treated.
For 2 Ounce (60 mL) Unit Dose: Add the contents of this container to two gallons (7.58 liters) of water or an equivalent 1:128 dilution. Mix 15 seconds until the solution is uniform.
For 4 Ounce (120 mL) Unit Dose: Add the contents of this container to four gallons (15.16 liters) of water or an equivalent 1:128 dilution. Mix 15 seconds until the solution is uniform.

Storage and Disposal:
Do not contaminate water, food, or feed by storage and disposal.
Pesticide Storage: Store in original container in a cool dry place. Avoid storage at temperatures extremes or in sunlight.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Dispose of container by permitted on-site incinerator or by transport to offsite permitted incineration service. Or triple rinse container (or equivalent) promptly after emptying.
Triple rinse as follows: Empty the remaining contents into application equipment or mix tank and drain for 10 seconds after flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinse into application equipment or mix tank or store rinse for later use or disposal. Repeat this procedure two more times.
Follow Pesticide Disposal instructions for rinsate disposal. Then offer for recycling or dispose of in a sanitary landfill.
