Virex Rapid 1 Wipes is an effective disinfectant on hard non-porous surfaces, in the presence of an organic load, against:

- *Burkholderia cepacia*
- *Campylobacter jejuni*
- *Acinetobacter baumannii* [ATCC 4352],
- *Staphylococcus aureus* resistant to Methicillin,
- *Enterococcus faecium* [ATCC 33591],
- *Vancomycin*
- *Streptococcus pyogenes* [ATCC 6538],
- *Escherichia coli*,
- *Pseudomonas aeruginosa*,
- *Salmonella enterica*.

Virex Rapid 1 Wipes is an effective virucide on hard, non-porous surfaces, in the presence of an organic load, against:

- Norovirus, Human Coronavirus [ATCC VR-1558],
- Rotavirus Strain WA,
- Respiratory Syncytial Virus [ATCC VR-26],
- H1N1 Influenza A virus.

Virex Rapid 1 Wipes will clean and disinfect hard, non-porous, surfaces of:

- Telephones
- Toilet seats
- Toilets
- Tiles
- IV poles
- Stethoscopes
- Stretchers
- Bathtubs
- Veterinary Waiting Rooms
- Veterinary X-Ray Rooms
- Zoos
- Veterinary Clinics
- Veterinary Examination Rooms
- Veterinary Operating Rooms
- Kennels
- Pet Shops
- Tack Shops
- Animal Transportation Vehicles
- Breeding Establishments
- Grooming Establishments
- Animal Holding Areas
- Animal Hospitals
- Animal Life Science Laboratories
- Pediatric Intensive care Units
- Surgery
- Intensive Care Units
- Neonatal Intensive Care Units
- Emergency Rooms
- Operating rooms
- Ultrasound
- Dialysis Clinics
- Offices
- Respiratory Therapy
- Dental Offices
- Nursing Homes
- Rehabilitation
- Central Supply
- Long Term Care Facilities
- Radiology

Virex Rapid 1 Wipes is a one step cleaning and disinfecting:

- BACTERICIDAL
- TUBERCULOCIDAL
- FUNGICIDAL
- VIRUCIDAL

Virex Rapid 1 Wipes is effective against:

- *R. equi*
- *B. bronchiseptica*
- *V. parahaemolyticus*
- *M. bovis*
- *N. meningitidis*
- *H. influenzae*
- *M. catarrhalis*
- *K. pneumoniae*
- *S. pneumoniae*
- *P. aeruginosa*
- *E. coli*
- *S. aureus*
- *P. stuartii*
- *S. pyogenes*
- *C. albicans*
- *A. niger*

PERSONAL PROTECTION:

- Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

- tuberculosis, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier such as ingestion of blood or body fluids, or (3) mucous membranes in the absence of intact skin such as conjunctivitis or nasopharyngitis where the treated surface is allowed to remain wet for 1 minute. Allow surfaces to air dry.

- Pre-Cleaned soiled with blood/body fluids

NOTE: Read and check carefully all information, including the specifications in this box. The job will not be sent to print until final okay is received. All information contained on the label and in this box are the responsibility of the final approver.
Virex Rapid 1 Wipes is an effective disinfectant on hard non-porous surfaces, in the presence of an organic load, against Mycobacterium bovis [ATCC 35743], when the treated surface is allowed to remain wet for 1 minute. Allow surfaces to air dry. Against:
- Campylobacter jejuni
- Listeria monocytogenes
- Acinetobacter baumannii
- Enterococcus faecium
- Methicillin-resistant Staphylococcus aureus
- Vancomycin-resistant Enterococcus faecium
- Escherichia coli O157:H7 [ATCC 35150], [ATCC 51559], and [ATCC VR-544] when the treated surface is allowed to remain wet for 1 minute. Allow surfaces to air dry.

Virex Rapid 1 Wipes will not harm most surfaces: including stainless steel, aluminum, plastics, fiberglass, vinyl, and most painted surfaces. For plastic and painted surfaces, spot test on an inconspicuous area before use. Do not use on unpainted wood. Not for use on people or pets.

**Precautionary Statements**

**Efficacy Tests have demonstrated that this product is an effective virucide, bactericide, tuberculocide, and fungicide in the presence of organic soil.**

**First Aid**

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing has stopped, perform artificial respiration. Contact a physician or Poison Control Center immediately. If on skin, wash with soap and water. If on the eyes, flush with plenty of water for 15 minutes. Remove contact lenses if present and easy to do. Continue to flush eyes. If swallowed, do not induce vomiting. Drink plenty of fluids. Get medical advice or treatment.

**Pesticide Storage:**

Always store this product and all pesticides in the original container. If a leaky container must be used, store it in a leak-proof, puncture-resistant container. Never store in or on food or food containers. Do not contaminate water, food or feed by storage or disposal. Offer for recycling if available, or discard empty container in trash.

**Handling and Disposal:**

- Never reuse or refill this container. Do not contaminate water, food or feed by storage or disposal.
- Store in a cool, dry place.
- Do not contaminate water, food or feed by storage or disposal.

**Environmental Considerations:**

- Double bag containers of pesticide when disposing of
- Make certain pesticides are disposed of in accordance with all applicable governmental regulations.
- Offer for recycling if available, or discard empty container in trash.

**For Surfaces or Objects Soiled with Blood or Body Fluids:**

- Use disposable latex gloves, eye protection, and preferably a respiratory protection device.
- Rinse thoroughly with household detergent and water after use.
- For proper disposal, follow指导 from health care personnel, local or state regulations for infectious waste disposal.

**Contact Time:**

- Virex Rapid 1 Wipes is an effective virucide on hard, non-porous surfaces, in the presence of an organic load. **VIRUCIDAL:**
- For surfaces that may come in contact with food, a potable water rinse is recommended. Allow surfaces to air dry. When handling items soiled with blood or body fluids use disposable latex gloves, eye protection, and preferably a respiratory protection device. **BACTERICIDAL, TUBERCULOCIDAL, FUNGICIDAL:**
- Time may be required to kill the virus. **ANTIVIRAL:**
- Time may be required to kill the virus. **ANTIBACTERIAL:**
- Time may be required to kill the virus. **ANTIFUNGAL:**
- Time may be required to kill the virus.
