FIRST AID STATEMENT

IF INHALED:
• Move person to fresh air.
• If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.
• Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-30 minutes.
• Call poison control center or doctor for treatment advice.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
• Call a poison control center or doctor for treatment advice.

HOTLINE NUMBERS:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 seven days a week, 8:00 a.m. to 12:00 p.m. pacific time or your poison control center at 1-800-222-1222. For additional information, you may also contact Trécé Inc. at 1-866-785-1313.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE USING

SHAKE WELL BEFORE USING
CIDETRAK IMM MEC is a suspension concentrate that disrupts the mating communication between adult male and female moths, reduces fertile egg laying, suppresses subsequent larval infestation and reduces the need for applying insecticides.

Per 40 CFR 186.1153 DO NOT EXCEED the rate of 3.5 g pheromone per 1,000 ft² per year.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

### Facilities and Commodities

Apply CIDETRAK® IMM MEC around storage, warehouse and manufacturing facilities containing grains, rice, beans and products including but not limited to wheat, barley, rye, oats, corn, peas, rice, all edible bean varieties, soybeans, cocoa beans, rice and peanuts, all nuts except those not limited to peanuts, walnuts, almonds, pecans, hazelnuts, Brazil nuts and pistachios; dried commodities including but not limited to all fruits, vegetables, spices, nuts, and herbs, all animal and/or pet food, such as dog and cat food, cattle, hog, sheep and other animals in and around storage, warehouse and manufacturing facilities including but not limited to rice, intermediate/in-process goods and finished goods; foods; milks; bakeries, dry food, retailers, pet stores, supermarkets and restaurants.

### Targeted Pest

- Indian meal moth (Plodia interpunctella), Mediterranean flour moth (Pylophora kuhniella), Tobacco moth (Ectropis ciliaas), and almond moth (Callos Seckwardii).

### General Surface Rate

Use 1 ounce of CIDETRAK® IMM MEC as a fog or an ultra-low volume (ULV) mist with equipment such as ULV, mechanical misting sprayers, aerial generators, or thermal foggers to achieve uniform coverage. Follow manufacturer’s solution preparation instructions. Apply at a rate of one ounce of CIDETRAK® IMM MEC per 1,500 ft² of surface area.

### Fogging Rate

Apply CIDETRAK® IMM MEC as a fog or an ultra-low volume (ULV) mist with equipment such as ULV, mechanical misting sprayers, aerial generators, or thermal foggers to achieve uniform coverage. Follow manufacturer’s solution preparation instructions. Apply at a rate of one ounce of CIDETRAK® IMM MEC per 40,000 ft³ of volume to be sprayed.

### Application Method

**Surface Rate**

1. **Intermediate Storage, Warehouse, and Manufacturing Facilities:** Use 1 ounce of CIDETRAK® IMM MEC as a fog or an ultra-low volume (ULV) mist with equipment such as ULV, mechanical misting sprayers, aerial generators, or thermal foggers to achieve uniform coverage.

2. **Fogging Applications:** Fogging applications are recommended for larger facilities. Close area and shut off all ventilation systems. Apply the product in the air and direct mist toward all areas that may harbor target pests. Use spray/application equipment capable of delivering a variable spray or coating to uniformly apply the solution such as hand-held sprayers, mist nozzles or fogging equipment. Do not apply directly to food or foodstuffs. Prior to fogging application, remove or cover all food items. Any food or foodstuffs accidentally contaminated during treatment should be discarded.

**Tank Mixing**

The user, at his/her discretion, can tank mix CIDETRAK® IMM MEC with an adjuvant or insect growth regulator currently registered for use, unless the label prohibits such use. The resulting tank mixture must be used in accordance with the more restrictive label limitations and precautions.

**Application Tips**

- Apply prior to any change in air movement between any generation.
- Monitor moth activity using CIDETRAK® IMM MEC as a fog or an ultra-low volume (ULV) mist with equipment such as ULV, mechanical misting sprayers, aerial generators, or thermal foggers to achieve uniform coverage. Follow manufacturer’s solution preparation instructions. Apply at a rate of one ounce of CIDETRAK® IMM MEC per 1,500 ft² of surface area.

**Application Procedure**

- Partially fill the mixing container with water, add the CIDETRAK® IMM MEC, shake or stir, and fill to final volume. Use diluted solution within 12 hours of mixing. Shake or stir before each use.
- Apply the CIDETRAK® IMM MEC without evaporation at a rate of one gallon per 3,500 ft² of surface area.

**WARRANTY AND LIMITATION OF DAMAGES**

To the extent consistent with applicable law, all statements concerning the use of this product apply only when used as directed as stated on this product label. Trécé, Inc. warrants that the product conforms to this label and under normal conditions of use according to this label, is reasonably fit for the stated label purpose. The manufacturer makes no express or implied warranties of merchantability or fitness for a purpose concerning this product, or its use, or extent beyond the label. Under no circumstance will Trécé, Inc. be liable for damage (special, consequential or incidental) that results from the handling, storage, or use of this product which is not in compliance with the label. Read all label directions carefully. Buyer’s exclusive remedy, should this product be defective, is replacement of the product, or if this is impractical, a purchase price refund.

### Storage and Disposal

- **Nonrefillable container:** Do not contain water, food, or feed by storage or disposal.
- **PESTICIDE DISPOSAL:** Waste resulting from the use of this product may be disposed of on site or in an approved waste disposal facility.

### Pesticide Storage

STORAGE: Store in aseptic original package in a dry location at a temperature below 40°F.
