SODIUM METABISULFITE  |  GROUP M2  |  FUNGICIDE

FIFRA Section 24(c) Special Local Need (SLN) Label
FOR DISTRIBUTION AND USE ONLY IN THE STATE OF OREGON

UVASYS

EPA Reg. No.: 68506-2  
EPA SLN No. OR-220008

For use on Blueberries (Export Only to the following countries: China, Countries Belonging to the Gulf Cooperation Council, Hong Kong, India, Japan, Malaysia, Philippines, Singapore, Taiwan, Thailand, United Kingdom, and Vietnam)¹ for control of Botrytis cinerea.

¹NOTE: Because the requirements may be subject to change, it is the responsibility of the Oregon shipper or other responsible party to ensure that the use of this product meets the foreign country’s current import requirements.

This label is valid until December 31, 2024 or until otherwise amended, withdrawn, canceled, or suspended.

ACTIVE INGREDIENT:
Sodium Metabisulfite (Na₂S₂O₅)………………………………………………36.5%
OTHER INGREDIENTS…………………………………………………………63.5%
TOTAL……………………………………………………………………100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This SLN label and the main EPA-registered label must be in the possession of the user at the time of pesticide application.
- Follow all applicable directions, restrictions, and precautions on this SLN label and the main EPA-registered label.

The pads contain Sodium Metabisulfite which may trigger an asthmatic response in sulfite sensitive individuals. See Precautionary Statements on package label.
Crop/Site/Commodity: Blueberries (Export Only to the following countries: China, Countries Belonging to the Gulf Cooperation Council, Hong Kong, India, Japan, Malaysia, Philippines, Singapore, Taiwan, Thailand, United Kingdom, and Vietnam).

Personal Protective Equipment (PPE): Applicators and other handlers must wear: Long-sleeved shirt, long pants, shoes and socks, and chemical-resistant gloves made of any waterproof material. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations:
User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Dosage: One (1) dual release pad per layer of clamshells in carton.

Select the appropriate pad size depending on the weight capacity of the carton by referring to the table below:

Use one (1) UVASYS Dual Release pad per layer of clamshells in carton of blueberries. Pads must be placed with the glossy side facing away from the blueberries.

Place the cartons of packed blueberries in refrigerated storage at 0-2°C (32-35°F).

Method of Application: Gas Diffusion

Frequency/Timing of Application: FOR POST-HARVEST USE ONLY. Only one (1) post-harvest treatment (pad) per layer of clamshells in carton, immediately prior to export.
PRECAUTIONS:
Trial the use of this product on a small lot of blueberries to avoid unanticipated effects upon the fruit.

Other Requirements:
All blueberry containers treated under this SLN must be stamped or have an adhesive label stating “This commodity may contain pads that contain Sodium Metabisulfite which may trigger an asthmatic response in sulfite sensitive individuals. This produce may only be exported to the following countries: China, Countries Belonging to the Gulf Cooperation Council, Hong Kong, India, Japan, Malaysia, Philippines, Singapore, Taiwan, Thailand, United Kingdom, and Vietnam. The blueberries must not be sold, or offered for sale, or redirected/repackaged for U.S. domestic commerce. Remove pads from box before display of blueberries for sale or after removal of container from retail store refrigeration facilities. If pad is torn: Carefully dispose of pad, pad contents, and blueberries which have contacted the pad contents. Place pad in a plastic bag and seal the bag and place in an outdoor trash receptacle (dumpster).”

IMPORTANT: READ BEFORE USE
Read the entire Directions for Use and Conditions before using this product. If terms are not acceptable, return the unopened product at once. By using this product, user or buyer accepts the following Conditions: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as presence of other materials, or the manner of use or application, all of which are beyond the control of Tessara (Pty) Ltd. Quarantine action may be taken by the importing country if illegal residues are found on or in this treated crop. All such risks shall be assumed by the user or buyer. To the extent consistent with applicable law, Tessara (Pty) Ltd. does not make any warranty of merchantability, fitness of purpose, or otherwise, expressed or implied, concerning the use of a pesticide in accordance with these provisions. The user and/or grower acknowledges the preceding disclaimer.
