SAN-A-DYNE

GERMICIDE SANITIZER

SAN-A-DYNE is regulated by the U.S. Food and Drug Administration under the Food Additive regulation for use on food processing equipment and utensils up to 25 ppm of titratable iodine, without requiring a rinse with potable water.

PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Danger. Corrosive. Immediate eye damage or skin burns. Harmful if swallowed absorbed through the skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear protective clothing and gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: Mix only with water following label directions. Do not mix with chlorine bleaches and sanitizers. Toxic chlorine gas will be formed. Contact withsoft metals may generate hydrogen gas. Do not use or store near heat or open flames.

STORAGE AND DISPOSAL:

SAFETY DISPOSAL: Do not contaminate food, or feed, or by storage or disposal. Pesticide wastes are acutely toxic to aquatic life. Depending on the route of exposure, care should be taken to avoid skin contact by properly handling and using the product.

Container Disposal: Nonrefillable container. Do not re-use or refill. This container contains a pesticide residue. Do not dispose of container in the solid waste stream. Place in a labeled, approved waste container. 

Note: Do not feed to livestock.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

FIRST AID

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present and continue rinsing for at least an additional 5 minutes. Get medical help if irritation persists.

If on Skin: Rinse skin immediately with plenty of water for 15-20 minutes. Get medical help if irritation persists. 

If swallowed: Call a Poison Control Center or doctor for treatment advice. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Have person sip a glass of water if able to swallow.

For irritants: Wash skin with soap and water for 10 seconds. Pour a solution of 2 oz. of SAN-A-DYNE A to 13 gallons of water. Rinse before use.

For corrosives: Pour a solution of 1 oz. of SAN-A-DYNE A to 13 gallons of water. Allow at least one minute contact time. Then, flush with plenty of water.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

SAN-A-DYNE is especially formulated for use by the bottling, beverage and food processing industries, as well as milk and ice cream processing plants, sanitizing filling equipment and the food industry. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Federal EPA Office to obtain information on proper disposal methods.
