Product of U.S.A.

NET WEIGHT 10.06 lb (4.56 kg)
### Stops crabgrass, foxtail, spurge, oxalis and other grassy weeds before they start!

#### KEY PRODUCT FACTS

**Directions for use**
- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- **Do not use on dichondra or bentgrass lawns.**
- In early spring, apply when lawn is dry to prevent germination of crabgrass, foxtail, spurge, burnet, blackgrass, fall panicum, goosegrass, and oxalis (common yellow woodsorrel).
- Before March 1 in southern California. For best results on thin lawns, apply by mid-February.
- Before mid-March in northern California.
- Early spring (up to dandelion stage) in all other states.
- For goosegrass control, repeat application in 8 weeks.
- Rain, snow or freezing weather after application will not affect the performance of this product.
- In the fall (August-October), apply after temperatures have cooled and rain has begun, to prevent moss (except in California) from becoming established during winter or next spring, or to prevent germination of Poa annua and chicweed.
- **This product controls crabgrass in its early stages of growth.** This product does not control mature crabgrass and other existing weeds. Growing broadleaf weeds can be killed with Scotts® Turf Builder® with Plus® 29 Weed Control.
- **Do not use** on newly seeded grass lawns until after the fourth mowing. On newly sprigged areas, wait 5 months before application.
- Do not plant grass seed for four growing months after use of this product.
- Do not apply more frequently than twice a year. Allow at least a month interval between applications (except for goosegrass control).
- Do not rake or aerate after application, as the Halts® chemical barrier in the soil will be disturbed.

**NOTE:** Do not apply material to cement, stone, clothing or shoes. If contact occurs, brush off particles to prevent staining. If necessary, rinse off with water.

### Spreading Tips
- Apply header strips. Then apply product in longest direction of lawn.

### Spreaders

<table>
<thead>
<tr>
<th>Spreader Settings</th>
<th>DIRECTIONS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scotts AccuGreen® Drop Spreaders</td>
<td>4 1/2 header strips; apply longest direction of lawn, overlapping wheel marks.</td>
</tr>
<tr>
<td>Scotts PrecisionGreen® Drop Spreader</td>
<td>4 header strips; apply longest direction of lawn, overlapping wheel marks.</td>
</tr>
<tr>
<td>Scotts SpeedyGreen® &amp; EdgeGuard® Rotary Spreaders</td>
<td>2 1/4 header strips; apply longest direction of lawn, overlapping wheel marks.</td>
</tr>

</table>

### Additional Spreader Settings
- EZ Drop, Republic (*) | 4 1/2 |
- EZ Broadcast, Republic (*) | 2 |
- Scotts Broadcast Tractor Spreader (*) | 2 |

(Non-Scotts spreader settings are approximate. You may need to adjust for proper coverage.)

### First Aid and Environmental Information

#### KEEP OUT OF REACH OF CHILDREN

**CAUTION**

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**
- **CAUTION:** causes eye irritation. Avoid contact with eyes, skin, or clothing. May be harmful if swallowed.
- Avoid inhaling.

**User Safety Recommendations**
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**First Aid**
- **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.
- **If On Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 1-20 minutes. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

**Environmental Hazards**
- This pesticide is toxic to fish. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes. In case of spills, either collect for use or dispose of properly.

**General Precautions and Restrictions**
- Do not contaminate feed or foodstuff. Do not graze treated areas. Do not feed cover crops to livestock.

#### Storage and Disposal
- **STORAGE:** Store in a clean, dry place. Reseal opened bag by folding top down and securing.
- **DISPOSAL:** If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
