**DIRECTIONS FOR USE:**

This is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Before disinfecting, the surface must be free of gross filth or heavy soil.

Thoroughly clean the surface with a solution of PD-64 at 2 oz. per gallon of water.

Cleaning/Deodorization: Apply 2 oz. per gallon of water to limit responses in surfaces. Allow to dry.

General Disinfection: Apply PD-64 at 2 oz. per gallon of water to a pre-cleaned surface with a mop, cloth or coarse spray device. Treated surface must remain wet for 10 minutes. Allow surfaces to air dry.

PRECAUTIONARY STATEMENTS

**CAUTION**

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear goggles or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Avoid contamination of food.

**First Aid**

- Call a poison control center or doctor immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

- Take off clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**Disposal**

- Waste resulting from the use of this product must be disposed of in compliance with all applicable Federal, State and Local regulations.

**Container Disposal**

- Nonrefillable container. Do not reuse or refill this container.

- Tetra Pak containers: Dewater tetra container and drain for 10 seconds after the flow begins to drop. Pour into application equipment or a mix tank or other results for take or disposal. Drain for 15 seconds after the flow begins to drop. Repeat this procedure two more times.

**ACTIVE INGREDIENT:**

- Ortho-phenylphenol 6.13%

**OTHER INGREDIENTS:**

- 93.87%

**Total:**

- 100.00%

**EPA Reg. No. 5741-6**

**EPA Est. No. 5741-OH-1**

**PD-64™ is to clean, disinfect and deodorize floors, walls, countertops and other non-porous surfaces to hospital, schools, hotels or any commercial, industrial or institutional facility where a clean and sanitary environment is important.**

This product is not to be used as a terminal sterilant/high level disinfectant on any surfaces or instruments that (1) is introduced directly into the human body, either in or on contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the bloodstream or otherwise enter normally sterile areas of the body. This product is not to be used on critical or semi-critical medical devices prior to sterilization or high level disinfection.
