**FIRST AID**

**PRODUCT DESCRIPTION**

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES).

**STORAGE AND DISPOSAL**

**EMERGENCY RESPONSE**

CALL YOUR LOCAL OR STATE EMBRACE.

**DIRECTIONS FOR USE:**

For Institutional and Industrial Use Only / For Use as a Laundry Destainer/Deodorizer:

1. Pre-flush, scrap or pre-soak articles to be washed.

2. Wash areas or items to be sanitized with clean water and a recommended detergent.

3. Load rack into dishmachine, close door and start wash cycle.

4. Sanitize in a solution prepared by diluting 5.12 oz. of product per 10 gallons water to 100 ppm of available chlorine. Immerse or wet all surfaces for at least 2 minutes or as required by local sanitation regulations. When solution depreciates or becomes soiled, discard. Test sanitizer solution periodically with a Chlorine Test Kit to ensure that the available chlorine does not drop below 50 ppm during sanitizing.

5. Drain and allow equipment or utensils to air dry.

**EMERGENCY RESPONSE**

Calle a un proveedor de emergencias en caso de un accidente o una exposición accidental. Llene un Producto Controlador o de una sola vez y dé a su comprador.

NOTE: TO PREVENT: Proteja el interior de las cloacas cambiando el uso de gas dióxido de cloro.

**DISPENSING AND HANDLING**

Use with Auto-Chlor automatic dispensing equipment to feed directly from this container to the washer. Consult your Auto-Chlor representative for more information and local recommendations.
