DIRECTIONS FOR USE  It is a violation of Federal law to use this product in a manner inconsistent with its labeling. See leaflet inside box for usage directions.

STORAGE AND DISPOSAL Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Store unused mats in original box in a cool, dry place inaccessible to children and pets. Store lantern and butane cartridges in original box in a cool, dry place away from sources of heat. Store batteries in cool, dry place away from heat or open flame. Pesticide Disposal and Container Handling: Non-refillable container; do not refill or reuse this container. If cartridge is empty or for used mats: Do not reuse empty packaging, wrappers or cartridges. Do not puncture or incinerate empty cartridges. Place in trash or offer for recycling if available. If cartridge is partly filled or for unused mats: Call your local solid waste agency for disposal instructions. Never place unused mats down any indoor or outdoor drain. For unwanted lantern: Place in trash or offer for recycling if available.

PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals CAUTION: Contains petroleum distillates. Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. First Aid - If Swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. - If On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. - If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-866-753-3837, Monday through Friday, 8:30 AM to 4:30 PM EST. After 4:30 PM, call your poison control center. Physical and Chemical Hazards Butane Cartridge Hazard: Extremely flammable. Contents under pressure. Vapors may cause flash fire. Use only in a well ventilated area. Do not use, store, or dispose near heat, sparks, or flames. Do not puncture or incinerate. Containers exposed to direct sunlight or otherwise heated above 120°F (49°C) may burst. Store in cool, dry area. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. If vapors are inhaled, remove person to fresh air. Use only with alkaline battery. Do not pry battery with any instrument or tool or put in a fire. Battery may burst or release toxic materials. Environmental Hazards This product is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. May be hazardous to aquatic organisms in water adjacent to treated areas. Guarantee: Lantern is guaranteed to last three years from date of purchase. If the lantern fails to perform to your satisfaction, send the lantern and receipt to Thermacell Repellents, Inc. for a full refund of purchase price or repair or replacement. Warranty and Disclaimers: Seller will not be held responsible for damage, injury or poor performance caused by use of other butane cartridges or repellent mats. Seller is not responsible for damage caused by using this butane cartridge in other butane products.

Batch Code

Mats Made in Italy.
Manufactured in Thailand.
Storage and Disposal:
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:
Store unused mats in original box in a cool, dry place inaccessible to children and pets. Store lantern and butane cartridge in original box in a cool, dry place away from sources of heat. Pesticide Disposal and Container Handling:
Non-refillable container; do not refill or reuse this container. If cartridge is empty or for used mats: Do not reuse empty packaging, envelopes or cartridges. Do not puncture or incinerate empty cartridges. Place in trash or offer for recycling if available. If cartridge is partly filled or for unused mats, contact your local solid waste agency for disposal instructions. Never place unused mats down any indoor or outdoor drain. For unwanted lantern: Place in trash or offer for recycling if available.

Precautionary Statements:
Harmful if swallowed or absorbed through skin.
Extraordinarily flammable. Contents under pressure.
Keep away from fire, sparks and heated surfaces.
Do not puncture or incinerate butane container.
Exposure to temperatures above 120°F may cause bursting.

Environmental Hazards:
This product is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment, washwater or rinsate. Drift may be hazardous to aquatic organisms in water adjacent to treated areas.

EPA Reg. No. 70-010-2
Active Ingredient:
D-cis/trans allethrin......21.97%
CAUTION:
Call a poison control center or doctor if you think you have swallowed some of this product. Call a doctor or poison control center if you develop any unusual symptoms or if you think you have swallowed some of this product.

Use Restrictions:
As directed on the label.

Physical and Chemical Hazards:
Extremely flammable. Contents under pressure.
Keep away from fire, sparks and heated surfaces.
Do not puncture or incinerate butane container.
Exposure to temperatures above 120°F may cause bursting.

Troubleshooting:
If lantern does not turn on, verify that there is orange glow in the view hole. If there is no orange glow, rotate indicator line back to the “ON” position and repeat rotation to the “START” position two to three times in rapid succession. If there is still no orange glow visible in the view hole, make sure the cartridge is completely screwed into place. Also check the amount of fuel in the cartridge. If cartridge is empty or near empty, remove cartridge and replace with a new THERMACELL® cartridge. Then repeat step #8.

Use Restrictions:
Only for outdoor use as an insect repellent. Do not use indoors, in tents or in any enclosed area. Do not insert anything other than THERMACELL® butane into the lantern. Cover or remove all exposed food. Do not leave lanterns unattended or use in windy conditions. Do not expose lanterns or mats to rain. Place lanterns on a flat, stable surface with the grill facing upward. Do not touch the grill, as it will heat after a couple of minutes. Close with a damp cloth only when the lantern is cool and inactive. Remove cartridge other than THERMACELL® cartridge will not work in this lantern.
