Directions for Use
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Use at night before liming.
2. Four (1) or bottle into toilet bowl and flush. Immediately repeat this step until all of the product has been flushed down the sewer pipe. For low-flow toilets, additional flushings may be required to completely remove Roebic Root Killer crystals from the toilet bowl to the sewer pipe. You may also add contents directly to the septic tank drained through the distribution box. Add 2 to 3 gallons of water to carry crystals to root growth in pipes.
3. Do not apply Root Killer through tub or sink drains.
4. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
