**UN3267**

Corrosive liquid, basic, organic, n.o.s.  
(Quaternary ammonium compounds, benzyl-C12-16-alkyldimethyl, chlorides)

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL/CHEMICAL HAZARDS:** Avoid contact with strong acids and oxidizers. Do not store near heat or open flame.

**IN CASE OF SPILL:** Contain and/or absorb spill with inert material (e.g. sand, vermiculite). Do not use clay to absorb spill. Avoid release into the environment.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions. This product controls the growth of algae in swimming pools. Brush algae spots prior to application. If necessary brush once each day for two days following application. Before applying, adjust pool water pH to 7.2-7.8 as determined by a suitable test kit. Apply this dosage into the water around the edge of the pool. Do not concentrate the application in any one area.

**VISIBLE ALGAE GROWTH:** Apply 12 ounces of this product per 10,000 gallons of pool water. Settled algae debris may be removed by vacuuming.

**VERY DIRTY POOL WITH HEAVY ALGAE GROWTH:** First vacuum, clean, and scrub walls. Apply 12 ounces of Black Algaetrine® Algaecide For Swimming Pools per 10,000 gallons of pool water. Vacuum to remove algae debris.

**MAINTENANCE DOSE:** For (Free of visible algae) Apply 6 ounces of Black Algaetrine® Algaecide For Swimming Pools per 10,000 gallons of pool water every 5 to 7 days. NOTE: If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently.

**STORAGE AND DISPOSAL**

Do not contaminate food or feed by storage or disposal. Pesticide Storage: Keep this product dry in tightly closed container away from persons and children unfamiliar with its use. Store in cool, dry, well-ventilated area. Keep away from heat or open flame.

**Pesticide Disposal:** Pesticide wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Empty the rinseate into the application equipment or mix tank or store rinseate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

**STORAGE AND DISPOSAL**

Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**IN CASE OF EMERGENCY CALL:** 1-800-455-4311

**Customer Care center:** 1-800-455-4311

“RELIES ON YOU TO HELP PREVENT THE USE OF TOXIC SHAMPOOS IN CHILDREN”

KEEP OUT OF REACH OF CHILDREN DANGER

SEE PRECAUTIONARY STATEMENTS ON BACK PANEL.

FIRST AID:

IF IN EYES: Hold eyes open and rinse slowly and gently with running water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing; rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Empty the rinseate into the application equipment or mix tank or store rinseate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

Note: Contains 0.27 lbs. of elemental copper per gallon. Metallic copper equivalent, 3.07%.

Keep this product dry in tightly closed container. Avoid contact with eyes, mouth, and skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.
