ALGAETRINE® economically kills algae and prevents regrowth without requiring pool closing.

Compatible with bromine, chlorine, salt water, ozone, and minerals.

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

VISIBLE ALGAE GROWTH: 16 oz. ALGAETRINE per 10,000 gallons of pool water.

PREVENTION OF ALGAE: 8 oz. ALGAETRINE per 10,000 gallons of pool water once every two weeks.

APPLICATION: ALGAETRINE comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount of ALGAETRINE into a plastic watering can and fill with water. Maintaining continuous pool circulation, sprinkle solution around edge of pool. Apply under sunny conditions for most effective results.

To control black algae, use Applied Biochemists BLACK ALGAETRINE® as directed on the product's label. Once control is obtained, resume regular algaecide maintenance with ALGAETRINE Algaeicide.

INITIAL POOL START-UP – Use Applied Biochemists RESIST to prevent scale and stain formation.

WINTER DOSE: Add 16oz. of this product per 10,000 gallons pool water.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them.

TO ESTIMATE POOL CAPACITY:
- Square or Rectangular Pools: \( L \times W \times D \times 7.5 = \text{Gallons} \)
- Circular or Elliptical Pools: \( L \times W \times D \times 5.9 = \text{Gallons} \)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID
If Swallowed: Call a poison control center immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give any thing by mouth to an unconscious person.

If in Eyes: Hold eyelids open and rinse slowly with water for 15 – 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency treatment information.

ENVIRO HAZARDS: This product is toxic to fish.

STORAGE AND DISPOSAL:
Store in original container in a locked storage area inaccessible to children. Do not reuse container. Wrap container and discard in the trash.
