KEEP OUT OF REACH OF CHILDREN
CAUTION
Read all Precautionary and First Aid Statements on back panel before use.

NET CONTENTS: 1 QT (32 fl. oz.)

FIRST AID:
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person drink a glass of water if able to swallow. Do not induce vomiting except under the guidance of a poison control center or a doctor. Do not give anything by mouth if unconscious.

IF INTRINSIC: Holdnycks upon inhalation with wet hands for 15 to 30 minutes. Remove to fresh, clean air. Call a poison control center or doctor for appropriate advice. If eyes or skin contact occurs, wash off with soap and water. Take off contaminated clothing. Then flush immediatilyy with strong water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IN CASE OF EMERGENCY CALL: 1-800-999-6911.

INGREDIENTS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

Never Use:
Always apply chemicals separately, never combine them.
This is a concentrated product and is worked over when added to pool. Do not apply directly to the pool water in the pool. Use in a sprayer. After addition of algaecide, keep the pool running for three hours after. Apply 15 minutes before entering pool. Pools with living growth of algae must be cleaned before using this product. Add algaecide to pool water in the pH range 7.2 to 7.4. Adjust pH to 7.2 or 7.4 for severe algae. Initial Dose: Use a registered dosage for your pool and add 12 fl. oz. of Algaecide® per 1,000 gallons of pool water.

MAINTENANCE DOSE: Add 6.5 fl. oz. of Algaecide® per 1,000 gallons of pool water every 2 weeks to prevent algae growth.

VISUAL ADJ: If the pool has a slight visible algae growth, use 1/4 fl. oz. of Algaecide® per 1,000 gallons of pool water. When the pool is free of visible algae, use the Maintenance Dose.

WINTERIZING: When swimming season is over, add 1/2 fl. oz. of Algaecide® per 1,000 gallons of pool water. This dosage helps control algae growth during the winter months and gets the swimming of the pool water before it is returned to use for the following summer.

HOW TO ORDER:
QUANTITY: GALLONS
PRICE: $0.99 per gallon
PRICE:
CASE: 4 x 12 = 48 gallons
CASE: 8 x 0.6 = $36.00
POSITIVE: $2.00 per case
BULK: Case = Case

PRECAUTIONARY STATEMENTS:
