USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Users should remove clothing/PPE immediately if pesticides gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainag ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticides off the treatment area. Rinse application equipment over the treated area will help avoid run off to water bodies or drainage systems.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.
**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Storagage: Keep in a cool, dry area preferably locked and away from children and pets. Do not store below 32°F (0°C). In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

Disposal Methods: Waste resulting from the use of this product may be disposed of on site or at an authorized waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Clean container prior to re-use. Include safety instructions as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container with full water and recirculate. Shocks for 10 seconds. Pour residue into application equipment or a mix tank or store residue for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available, or reconditioning if appropriate, or pour and dispose of in sanitary landfill or by other procedures approved by state and local authorities.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**General Precautions & Usage Restrictions**

- **Storage Restrictions:**
  - Keep out of reach of children.
  - Do not allow children to enter area treated with this product.
  - Do not allow children to be in the treated area for 12 hours after application.

- **Application Precautions:**
  - For best results, apply to uniform, dry, and porosity soil conditions.
  - Do not apply to waterlogged or water-stressed areas.
  - Do not apply in freezing or near freezing temperatures.
  - Do not apply in freezing or near freezing temperatures.

- **Application Directions:**
  - Apply to broadcast to control weeds, grass, and other vegetation.
  - Do not mix with other chemical treatments or fertilizers.

**Dilution/Rate Information:**

- For best results, dilute the product 1 to 2 parts of water to 1 part of product per gallon of water. For maintenance, 1 part product to 4 parts clean water or 0.3 ounces of product per gallon of water. For maximum coverage, 0.5 ounces of product per gallon of water. For maximum coverage, 0.5 ounces of product per gallon of water.

**Directions for Use:**

- Apply to areas needing control.
- Apply to broadcast to control weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.

**Outdoor Sprays:**

- Where to use: Use the product in areas needing control of weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.

**Indoor Usage:**

- Where to use: Use in indoor areas needing control of weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.

**For Use With Handheld Sprayers:**

- Use the product in areas needing control of weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.

**For Use With Vertical Mount Sprayers:**

- Use the product in areas needing control of weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.

**For Use With Merrill Sprayers:**

- Use the product in areas needing control of weeds, grass, and other vegetation. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water. Use a minimum of 0.3 ounces of product per gallon of water.
