ACTIVE INGREDIENT:
Sodium dichloro-s-triazinetrione dihydrate................................ 25%

INERT INGREDIENTS:.............75%
Total                                      100%
Provides 14% available chlorine

FIRST AID: IF IN EYES:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow water after mouth area is rinsed out. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED:
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE TO PHYSICIAN:
Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use on hard, non-porous surfaces, on dishes, glasses or food processing equipment or utensils, including dairy and brewery equipment and utensils. Prepare a sanitizing solution by dissolving 1 part Chlorine Sanitizer into 9 parts water. Use a squeegee, cloths or a cloth scrubber to apply solution to surface to be sanitized. Let stand 2-5 minutes and allow to air dry. See outer carton for additional directions for use.
