Leisure Time® Brom Tabs
Low-odor, low-dust tablets, ideal for hot tub sanitizing.

FIRST AID
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

Leisure Time® Brom Tabs is a form of brominating hydantoin for spas, and hot tubs. It is easily adapted to many erosion feeders used to automatically treat both commercial and residential spas, hot tubs and pools.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DANGER: Do not mix this product in concentrated form with any other chemicals. Do not add other chemicals to the feeding device when using this product. A violent reaction leading to fire and/or explosion could result. Re-entry into treated spas is prohibited above levels of 8 ppm due to risk of bodily injury.

SPA DIRECTIONS:
NOTE: Before using this product in your spa or hot tub
for the first time, add 1/4 ounce of sodium bromide per 100 gallons of water to establish a 30 ppm bromide concentration. Also, add sodium bromide at this dosage whenever the spa or hot tub is drained and refilled. The bromide addition ensures immediate establishment of an all-bromide system, eliminates chlorinous odors and maximizes skin and eye comfort.

SPA OR HOT TUB START UP: To start up a new spa or hot tub, or one recently drained, clean all surfaces, backflush or clean the filter, chemically balance the calcium hardness and total alkalinity, treat for metals if present (iron, copper and manganese), and adjust the pH to 7.2-7.8.

STORAGE AND DISPOSAL:
Store in original container in a secure and cool, dry, well-ventilated area. Do not store at temperatures above 100°F. Nonrefrangible container. Do not reuse or refill this container. Discard empty container in trash or offer for recycling if available.
