READ the MINNCARE Cold Sterilant label and application notes before using this product.

IF INHALED:  
• Move person to fresh air.  
• If person is not breathing, call 911 or an ambulance, then give o2 and Cardiopulmonary Resuscitation (CPR) if given.

IF IN EYES:  
• Rinses eyes and face.  
• If eye irritation continues, seek medical attention.

IF SWALLOWED:  
• Call a poison control center or doctor for treatment advice.

PERSONAL PROTECTIVE EQUIPMENT (PPE):
• Use appropriate PPE, including eye/face protection and respiratory protection.

ENVIRONMENTAL HAZARDS:
• Do not discharge effluent containing this product to streams, ponds, ditches, or other water bodies unless the product is specifically identified and addressed in a NPDES permit.

PRECAUTIONARY STATEMENTS:

Hazard to Humans and Domestic Animals.

Corrosive. Causes irreversible eye damage. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid contact with skin. Prolonged or frequent repeated skin contact may cause an allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, or using the toilet. Remove contaminated clothing and wash hands before reuse. Wear protective gloves and protective eye wear when applying. Wash hands after handling. Keep out of reach of children.

DANGER - PELIGRO

For chemical emergency, spill, leak, fire, exposure and accident, call Chemtrec, day or night (800) 424-8800, (732) 577-1444.

First Aid:

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give o2 and Cardiopulmonary Resuscitation (CPR) if given.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR ON CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF IN EYES:
• Rinses eyes and face.
• If eye irritation continues, seek medical attention.
• Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

Note to Physicians:
Probable mucosal damage may require the use of gastric lavage.

HOT LINE NUMBER:
For chemical emergency, spill, leak, fire, exposure and accident, call Chemtrec, day or night (800) 424-8800, (732) 577-1444.

Have the product container or label with you when calling a poison control center or doctor; go to hospital. You may also contact Chemtrec at 1-800-424-8800 for emergency medical treatment information.
MINNCA®
COLD STERILANT

For use in sanitizing of Reverse Osmosis Membranes and their associated distribution systems. Also for the sterilization and disinfection of hard surfaces and non-porous food contact surfaces.

FIRST AID

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR ON CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses. If present, after first 5 minutes, then continue rinsing.
• Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

Read the MINNCA® Cold Sterilant label and application notes before using this product. See Directions for Use for additional precautionary statements. Failure to follow directions for use per package insert may result in user injury.

This product must be diluted with Purified Water prior to use.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals.

DANGER - PELIGRO

Corrosive. Causes irreversible eye damage. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid contact with skin. Prolonged or frequent repeated skin contact may cause an allergic reaction in some individuals. Wash hands after eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash hands before reuse. Caution should be used when applying indoors because pets may be at risk.

Personal Protective Equipment (PPE)
Wear protective clothes, goggles, or face shield, and protective rubber gloves.

Environmental Hazards
This product is toxic to birds, fish, and aquatic invertebrates. Do not distribute effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and address in a NPDES permit. Do not disperse effluent containing this product to sewer systems without previously notifying the sewage plant authority. For guidance contact your State Water Board or Regional Office of the U.S. Environmental Protection Agency.

Physical and Chemical Hazards
This product contains an oxidizing agent.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage
Store in shipping carton. Do not expose to direct sunlight. Maintain temperature below 79°F (26°C). Avoid contact with combustible materials. Avoid contamination from any source, including metals, dust, etc. Such contamination may cause rapid decomposition, generation of large quantities of oxygen gas and high pressures. Store in original closed container. NEVER TAMPER WITH VENT.

Pesticide Disposal
Wastes resulting from the use of this product may be disposed of on-site by dilution in a sanitary sewer or at an approved waste disposal facility. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for Guidance.

Package Disposal
Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after flow begins to drip. Repeat this procedure two more times.

PRECAUTIONARY STATEMENTS

Health Hazards - Human and Domestic Animals

CORROSIVE. Causes irreversible eye damage. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid contact with skin. Prolonged or frequent repeated skin contact may cause an allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse. Solder should be used when applying solder to brazing rods may be of risk.

Personal Protective Equipment (PPE) - Wear apron or coveralls, boots, and protective rubber gloves.

Environmental Hazards: This pesticide is toxic to birds and aquatic invertebrates. Do not discharge effluent containing this product into streams, lakes, ponds, wetlands, oceans, or public waters unless this product is specifically identified and addressed in a WPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage plant authority. For guidance contact your State Water Board or Regional Office of the U.S. Environmental Protection Agency.

Physical and Chemical Hazards: This product contains an existing agent.

SAFEHAND AM DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Ventilate area.

Store in unopened container. Do not expose to direct sunlight. Maintain temperature below 70°F (21°C). Avoid contact with combustible materials.

Avoid contamination from air moisture, including vents, ducts, etc. Such contamination may cause rapid decomposition, generation of large quantities of oxygen gas and high pressure. Store in original closed container. NEVER TAMPER WITH VENT.

Ventilate area.

Wastes resulting from the use of this product may be disposed of on-site by digestion in an aerobic sewer or at an approved waste disposal facility. Properly treat ground water. To replace waste in a community sewer. Improper disposal of excess pesticide, spray wash, or rinse water in violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Oversight Office at the nearest EPA Regional Office for guidance.

Container Disposal

Remove excess container. Do not re-use or refill container. Offer for recycling. Available.

Clean container promptly after emptying. Style twice as follows: Empty the remaining contents into applicator equipment or a septic tank and drain for 10 seconds after the flow begins to stop. 1% container 1/4 LL with water and rinse. Shake for 10 seconds. Pour into the applicator equipment or a septic tank or drain waste for later use in disposal. Drain for 10 seconds after flow begins to stop. Repeat this procedure two more times.

MINNCARE®
COLD STERILANT

For use in sanitizing of Reverse Osmosis Membranes and their associated distribution systems. Also for the sterilization and disinfection of hard surfaces and non-porous food contact surfaces.

ASSEMBLY REQUIREMENTS
Hydrogen Peroxide 32% (v/v)
Potassium Acid 4.0% (w/v)

Preparation
Mix 1 part hydrogen peroxide and 1 part potassium acid in a container.

Application
Apply the solution to the surface to be treated and allow it to remain in contact for 2 minutes. Rinse thoroughly with water.

PRECAUTIONARY STATEMENTS
Risk to Humans and Domestic Animals.

DANGER - PELIGRO
This product is toxic to people, fish, and aquatic life. Harmful if swallowed, inhaled, or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Avoid contact with skin, eyes, or oral mucosas. In case of contact, flush with water. In case of ingestion, call a poison control center or physician immediately.

For further information, contact the manufacturer or the US Environmental Protection Agency.

Environmental Hazards
This product contains a volatile organic compound that may cause allergic reactions in some individuals. Wash hands before eating, drinking, chewing gum, or using tobacco. Avoid contact with clothing, floors, and surfaces.

CAUTION
This product contains a disinfectant and may cause sensitivity in some individuals. If an allergic reaction occurs, flush with water and seek medical advice.
