CONTAINER HANDLING:

Pre-clean surfaces using Sporicidin Disinfectant Solution to remove soil and dirt. Wipe dry with paper towel, cloth, mop or sponge.

TO DISINFECT AND DEODORIZER ITEMS which cannot be immersed, thoroughly wet pre-cleaned surface with Sporicidin Disinfectant Solution and allow surface to remain visibly wet for 10 minutes. Use as much solution as necessary for the treated area to remain wet for 10 minutes at room temperature (70°F or above) to kill listed bacteria and viruses. Surface must remain wet for 10 minutes to kill listed fungi.

FOR HOSPITAL DISINFECTION: This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (i) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (ii) contact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection. Occupants including pets and livestock must be removed from the containment area prior to treatment. Use procedure stated above.

Permanent/sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

In eyes or clothing. Wash thoroughly with soap and water after handling. FIRST AID: If in eyes, remove contact lenses. Hold eye open and slowly rinse with water. If irritation persists for more than 5 minutes, continue rinsing and consult a physician or poison control center. STORAGe AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store at room temperature. PESTICIDE DISPOSAL: Dispose of in accordance with local regulations. Do not dispose of in storm drain systems.

CONTEMPORARY: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Continuous Residual Activity up to 6 Months*

An effective cleaner, disinfectant, and active deodorizer* for instruments and equipment and on pre-cleaned, hard, non-porous surfaces in health/hospital treatment and patient rooms, hospitals, medical offices, dental offices, operating rooms, schools, universities, trauma centers, crime scenes, prisons, ambulances, hotels/motels, restaurants, boats, planes, buses, the home, fitness centers, fitness arenas, airports, and other industrial/commercial settings, gym centers, health facilities, spas, wellness centers, physical and rehabilitation facilities, clinics, transportation service vehicles (including buses, boats, trains, and planes), rail stations, restoration industries including water, fire, and mold restoration, laboratories, industrial clean rooms, controlled/critical environments, pharmaceuticals, compounding pharmacies, veterinary environments, and military facilities. Self-sanitizes against odor-causing bacteria and fungi. Kills and controls mold, mildew, fungus and bacteria. One step cleaner, sanitizer, deodorizer and disinfectant. Sanitizing on non-food contact surfaces. Non-abrasive formula. Non-staining. Reduces the hazards of cross-contamination on treated surfaces. See www.sporicidin.com for full list of uses and surfaces.

FOR RESIDENTIAL, INSTITUTIONAL, HOSPITAL, AND FARM PREMISE USE,

Virucidal** (5 Minute Contact Time): Avian Influenza A virus (H5N1), Avian Influenza A virus (H9N2), Cytomegalovirus, Herpes simplex virus types 1 and 2 (oral, ocular, and genital), HIV-1 (AIDS Virus), Human Coronavirus, Influenza A virus (H1N1), Influenza A virus (H3N2), Norovirus, Parainfluenza type 3 virus, Polio Type 1 virus, Vaccinia virus.

Bactericidal (10 Minute Contact Time): Acinetobacter baumannii, Escherichia coli, Methicillin resistant Staphylococcus aureus (MRSA), Mycobacterium bovis (surrogate for mycobacterium tuberculosis (TB)), Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, Streptococcus pyogenes, Streptococcus salivarius, Vancomycin resistant Enterococcus faecalis (VREF).

Fungicidal (10 Minute Contact Time): Aspergillus brasiliensis, Penicillium variabile, Trichophyton mentagrophytes (Athlete’s Foot fungus).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS AGAINST HIV-1 (AIDS VIRUS): KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) and other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/oiljects likely to be soiled with blood/body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

Personal Protection: Disposable latex or vinyl gloves, gowns, facemasks, and eye coverings as appropriate, must be worn during all cleaning of body fluids, blood, and decontamination procedures. Cleaning Procedures: Blood/body fluids must be thoroughly cleansed from surfaces/objects before application of Sporicidin Disinfectant Solution. Contact Time: Allow surface to remain wet for 1 minute to kill HIV-1. Disposal of Infectious Material: Blood/body fluids should be autoclaved and disposed of according to Federal, State, and local regulations for infectious waste disposal.

ACTIVE DEODORIZER*: Provides bactericidal activity against odor-causing bacteria for up to 6 months, if not removed from surfaces including plastics, latex, vinyl, glass, treated wood, metal, glazed porcelain, glazed tile and paint.

Sporicidin Disinfectant Solution is germicidal when used as directed for disinfection but differs in composition from other Sporicidin products. DIRECTIONS FOR USE: It is a violation of U.S. Federal Law to use this product in a manner inconsistent with its labeling. DO NOT DILUTE OR MIX WITH OTHER CHEMICALS.

CAUTION:

(See precautions on back panel)

Kills and Controls Mold, Mildew, Fungus, and Bacteria

Disinfectant Solution
