Disinfects the following organisms on hard nonporous inanimate environmental surfaces: Herpes Simplex Type 1 virus, Herpes Simplex Type 2 (genital) virus, Influenza A2 (Hong Kong), Human immunodeficiency virus HIV-1 (AIDS virus), Staphylococcus aureus, Pseudomonas aeruginosa, Salmonella choleraesuis, & Human Coronavirus (HCoV). Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu).

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To clean: Remove cap, shake, spray evenly over the surface, wipe clean. For heavily soiled surfaces, allow foam to remain for a minute before wiping.

To disinfect: Clean surface thoroughly as directed above. Then spray a thin coat of foam, making sure it covers the entire surface to be disinfected. Allow to remain for at least 10 minutes, then wipe off with clean damp cloth. Rinse all surfaces that come in contact with food such as food processing equipment, tables, counters, appliances with potable water. Do not use on utensils, dishes, cookware, or food-contact surfaces.

Food Processing Plant Directions: Before using this product, food products and packaging materials must be removed or carefully protected. Use on floors, walls, tables, or other hard nonporous surfaces. Follow the above disinfection directions.

**KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS**

In health care setting or other settings in which an expectorated blood of inanimate surfaces/object with blood or body fluids, and in which the surface/object likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTION FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS.**

**PERSONAL PROTECTION:** Disposable gloves should be worn when cleaning blood, body fluids, or contaminated items. Hands should be washed immediately and thoroughly after gloves are removed, or if hands are contaminated with blood or body fluids. Masks and protective eyewear or face shields should be worn when cleaning procedures involving blood or body fluids. Gowns or aprons should be worn while cleaning procedures for protection against splashes of blood or other body fluids.

**CLEANING PROCEDURE:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects with a suitable detergent before application of the disinfectant. After cleaning is complete, follow disinfection directions described previously.

**CONTACT TIME:** Allow at least 10 minutes contact time with the surface/object for disinfection.

**DISPOSAL OF INFECTIOUS MATERIALS:** Contaminated waste and blood or other body fluids should be handled and disposed according to local regulations for infectious waste disposal.

This product is not to be used as a terminal surface disinfectant on any surface or instrument that (1) is introduced directly into the human body, (2) into or in contact with he bloodstream or normally sterile areas of the body, or (3) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

**PRECAUTIONARY STATEMENTS**

**Hazard to Humans and Domestic Animals**

**WARNING:** Causes substantial but temporary eye injury. Harmful if absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin, or on clothing. Wear safety glasses or goggles. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool dry area away from heat or open flame. DISPOSAL: Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

For Commercial/Institutional Use Only

**EPA Reg. No. 11694-34**
**EPA Est. No. 11694-RS-1**

You can recycle this steel container in an increasing number of communities.
