PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS

DANGER
DANGER: Convulsive Poison! Fatal if swallowed or
inhaled. Harmful if absorbed through skin. Do not get in
eyes or on clothing. Avoid contact with skin. Do not
breath the dust. Do not apply this product in a way that will
contact any person or pet. Wash hands before eating,
drinking, chewing gum, using tobacco, or using the toilet.
Remove contaminated clothing and wash clothing before
reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Applicants and other handlers must wear:
- long-sleeved shirt and pants,
- cotton gloves, and
- shoes plus socks.

When loading more than 3 lbs. (1.4 kg) of bait into
mechanical application equipment and when disposing of
non-rigid containers (e.g., bags), handlers must wear:
- long-sleeved shirt and pants,
- waterproof gloves,
- shoes plus socks,
- goggles or face shield,
- dust/mist filtering respirator (MSHA/NIOSH approved
number prefix TC-21C), or N95/NIOSH approved
respirator with any N, P, R, or HE (HEPA, high
frequency particulate aerosol) filter.

Follow manufacturer's instructions for clearing and
maintaining PPE. If there are no such instructions for
washables, use detergent and hot water. Keep and wash
PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS
Remove clothing immediately if pesticide gets inside.
Wash thoroughly before putting on clean clothes.

Remove PPE immediately after handling this product. Wash
the outside of waterproof gloves before removing. As
soon as possible, wash thoroughly and change into clean
clothing.

ENVIRONMENTAL HAZARDS
This product is toxic to fish, birds and other wildlife. Do
not allow bait to be exposed on soil surface. Do not apply
directly to water, or to areas where surface water is
present, or to intertidal areas below the mean high water
mark. Do not contaminate water by the cleaning of
equipment or the disposal of wastes. Do not apply
directly to food or feed crops.

RESTRICTED USE PESTICIDE
Due to Hazards to Non-Target Organisms
For retail sale to, and use only by, certified Applicators or persons under their
direct supervision and only for those uses covered by the Certified
Applicators certification.

Inert Ingredients: .......................................................... 99.5%
TOTAL: ........................................................................ 100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER-PELIGRO POISON

FIRST AID
IF SWALLOWED: CALL A PHYSICIAN OR POISON CONTROL CENTER
IMMEDIATELY. If less than ten (10) minutes have passed since the
poison was taken, give 1 or 2 glasses of water and induce vomiting by
touching the back of the throat with a finger. Repeat until vomit fluid is
clear. Have victim lie down in a quiet, darkened room and keep victim
warm and quiet. If victim is unconscious, do not give anything by
mouth and do not induce vomiting.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial
respiration. Get medical attention.

IF IN EYES: Hold eyelids open and flush with steady, gentle stream of
water for 15 minutes. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical
attention.

HOT LINE NUMBER
Have the product container or label with you when calling a poison
control center or doctor, or going for treatment. For leaks, fire, and
medical emergencies only, call 1-800-535-5053.

NOTE TO PHYSICIAN
A. Administer 100% OXYGEN by positive pressure to provide as much
pulmonary gas exchange as possible, despite seizures.
B. Administer ANTICONVULSANT DRUGS intravenously to control
convulsions.

NOTICE: It may be difficult or impossible to stop the seizure activity
without stopping respiration. Be prepared to maintain pulmonary
ventilation mechanically. Tracheotomy may be necessary if seizures
are prolonged.

SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONARY STATEMENTS

ENDANGERED SPECIES CONSIDERATIONS
NOTICE: The killing of an endangered species
during strychnine baiting operations may result in a fine and/or imprisonment under the
Endangered Species Act. Before baiting, the
user is advised to contact the regional U.S. Fish
and Wildlife Service (Endangered Species
Specialist) or the local Fish and Game Office for
specific information on endangered species.
Strychnine baits should not be used in the
geographic ranges of the following species
except under program and procedures
approved by the US EPA, California Condor, San
Joaquin Kit Fox, Morro Bay Kangaroo Rat, Gray
Wolf, Grizzly Bear and Salt Marsh Harvest
Mouse.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD, OR
FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE: Store only in original
container, in a dry place inaccessible to
children, pets and domestic animals.

PESTICIDE DISPOSAL: Pesticide wastes are
acutely hazardous. Improper disposal of excess
pesticide, spilled bait, or rinsate is a violation of
Federal Law. If these wastes cannot be disposed of by use according to label
instructions contact your State Pesticide or
Environmental Control Agency, or the Hazardous
Waste representative at the nearest EPA
Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty by
shaking and tapping sides and bottom to
loosen clinging particles. Empty residue into
application equipment. Then dispose of bags in
a sanitary landfill or by incineration if allowed by
State and local authorities.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Sale, distribution and use of this product must be in accordance with the provisions of the final order on Strychnine by the Administrator of the U.S. Environmental Protection Agency.

USE RESTRICTIONS

This product may be only be used in below-ground applications to artificial burrows in rangelands, pastures, croplands, forests, and non-agricultural areas to control plains pocket gophers (Geomys bursarius), yellow-faced pocket gophers (Pappogeomys castanops), northern pocket gophers (Thomomys talpoides), southern pocket gophers (Thomomys umbrinus), Mazama pocket gophers (Thomomys mazama), mountain pocket gophers (Thomomys monticola), Townsend's pocket gophers (Thomomys townsendii), valley pocket gophers (Thomomys bottae), and/or Camas pocket gophers (Thomomys bulbivorus). All applications of this product must be made directly into subterranean artificial burrow systems by use of machine-drawn mechanical burrow builders. Do not apply this product above ground level, to the ground surface, or on any food or feed crop.

Do not apply this product in a way that will contact workers, other persons, or domestic animals. Keep pets and other people out of the area during application.

BAITING

Burrow Builder Applications: Apply only when soil condition is proper to insure formation of a good artificial burrow. Follow manufacturer's instructions for the equipment used to apply bait. Apply 1 to 2 pounds of bait per acre. Space "rows" of artificial burrows 20 to 30 feet apart.
