Foamy Q & A is a ready-to-use acid-based cleaner disinfectant with special cleaning action for high and efficient maintenance of shower stalls, tubs, sinks, floors, walls, toilet bowls, urinals and other similar surfaces. Use only on acid-resistant surfaces such as glazed ceramic tile, fiberglass, glazed quarry tile, chrome and stainless steel. Foam Q & A is effective against the problematic bacteria Staphylococcus aurous, Pseudomonas aeruginosa and Salmonella enterica even in the presence of organic soil. In addition, Foam Q & A has been tested and found effective against the antibiotic-resistant bacteria Methicillin-resistant Staphylococcus aureus (MRSA) and Vancomycin-resistant Enterococcus faecalis (VRE). Foam Q & A is also effective against the pathogenic virus HIV 1 (AIDS Virus), herpes simplex Type 2 and influenza A Hong Kong or wild porcine respiratory mammal viruses.

First Aid: If in Eyes: Wash eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice. If on Skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for further treatment advice. If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have carbonated glass of water if able to swallow. Do not induce vomiting unless told by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. If Inhaled: Move person to fresh air. If person is not breathing, call 91 or an ambulance, then give artificial respiration. Consult a physician immediately. Call a Poison Control Center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. Pesticide Storage: Store in a cool, dry area inaccessible to children. Pesticide Disposal: Pesticide waste may be hazardous. Improper disposal of excess pesticides, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Contaminated Container: Non-refillable container. Do not reuse this container to hold materials other than pesticides or diluted pesticides. Offer for recycling if available. If not, puncture and dispose of in a sanitary landfill.
