hyaMINE® 1622-50
For Use By Manufacturers Only in Formulating Antimicrobial Products For The Uses Indicated On The Label
Active Ingredients:
Disobutylphenoxyethoxy Ethyl Dimethyl Benzyl Ammonium Chloride Monohydrate .......................................................... 49.4% 50.6% 100.0%
Other Ingredients.................................................................................................................. 0.0%

KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER! COMBUSTIBLE. Causes irreversible eye damage and skin burns. May be fatal if inhaled, swallowed or absorbed through the skin. Do not breathe vapor. Wash with soap and water or water and soap. Avoid contact with skin. If exposed, take immediate medical attention. Chlorinated hydrocarbons may cause death. Do not expose combustible materials. For use in a well-ventilated area.

FIRST AID:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin immediately with plenty of water or render for 10-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable ocular damage may contaminate the use of gastric lavage. Measurements against circulatory shock, respiratory depression, and convulsions may be needed.

ENVIROMENTAL HAZARDS
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified at least one week prior to discharge. Do not discharge effluent containing this product to sewers or septic systems without previous notification to the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or flame. Do not use this product with any reducing or oxidizing agents (such as calcium hypochlorite, solid perchlorite, or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic wetting agent.

HYAMINE®, a Lonza trademark, is registered in the USA.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with the labeling. This product is a concentrate for formulating purposes only. This product for formulating into antimicrobial products for use in non-Agriculture premises and equipment. Food Handling/storage establishment premises and equipment. Commercial, institutional and industrial premises and equipment. Residential and public access premises. Materials and Preservatives. Medical Premises and equipment and Swimming Pools. Formulations using this product are responsible for providing data for the EPA registration of their formulated products. The product may be used to formulate products for specific uses only; not listed on this label if the formulator or primary registrant has complied with U.S. EPA data requirements regarding the support of such use(s).

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE:
Open dumping is prohibited. Store in original container in areas inaccessible to children.

PESTICIDE DISPOSAL:
Properly treated containers are acceptable hazardous waste. Improper disposal of excess pesticide, spray mixture or waste is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:
NonRefillable container. Do not reuse or refill this container. Clean container promptly after emptying.

Plastic and Metal Containers: Triple rinse as follows: Fill container 1/4 full with water and replace the container. Agitate vigorously, and dispose of rinsate according to pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or pour excess in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinseate. If not triple rinsed, these containers are considered hazardous waste and must be disposed of in accordance with local, state, and federal regulations.

For metal containers only: DO NOT cut or weld metal containers.

For Bag In Box Containers: Completely empty bag into application equipment. Then offer for recycling if available or dispose in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.
